The Male Machine:

THE MALE MACHINE Marc Feigen Fasteau,1972 **Frankenstein's Daughters** Jane L. Donawerth,1997-04-01

Women Science fiction authors past and present are united by the problems they face in attempting to write in this genre an overwhelmingly male dominated field Science fiction has been defined by male centered scientific discourse that describes women as alien others rather than rational beings This perspective has defined the boundaries of science fiction resulting in women writers being excluded as equal participants in the genre Frankenstein s Daughters explores the different strategies women have used to negotiate the minefields of their chosen career they have created a unique utopian science formulated by and for women with women characters taking center stage and actively confronting oppressors This type of depiction is a radical departure from the condition where women are relegated to marginal roles within the narratives Donawerth takes a comprehensive look at the field and explores the works of authors such as Mary Shelley Marion Zimmer Bradley Ursula K Le Guin and Anne McCaffrey **The Story of the Living Machine** Herbert William Conn,1909 **Imperial Alibis** Stephen

Parliament,1907 **Taking It Like a Man** David Savran,1998-03-30 From the Beat poets incarnation of the white Negro through Iron John and the Men s Movement to the paranoid masculinity of Timothy McVeigh white men in this country have increasingly imagined themselves as victims In Taking It Like a Man David Savran explores the social and sexual tensions that have helped to produce this phenomenon Beginning with the 1940s when many white middle class men moved into a rule bound corporate culture Savran sifts through literary cinematic and journalistic

examples that construct the white man as victimized feminized internally divided and self destructive Savran considers how this widely perceived loss of male power has played itself out on both psychoanalytical and political levels as he draws upon various concepts of masochism the most counterintuitive of the so called perversions and the one most insistently associated with femininity Savran begins with the writings and self mythologization of Beat writers William Burroughs Allen Ginsberg and Jack Kerouac Although their independent law defying lifestyles seemed distinctively and ruggedly masculine their literary art and personal relations with other men in fact allowed them to take up social and psychic positions associated with women and racial minorities Arguing that this dissident masculinity has become increasingly central to U S culture Savran analyzes the success of Sam Shepard as both writer and star as well as the emergence of a new kind of action hero in movies like Rambo and Twister He contends that with the limited success of the civil rights and women s movements white masculinity has been reconfigured to reflect the fantasy that the white male has become the victim of the scant progress made by African Americans and women Taking It Like a Man provocatively applies psychoanalysis to history The willingness to inflict pain upon the self for example serves as a measure of men s attempts to take control of their situations and their ambiguous relationship to women Discussing S M and sexual liberation in their historical contexts enables Savran to consider not only the psychological function of masochism but also the broader issues of political and social power as experienced by both men and women *The Iron Age* ,1918 **Iron Age and Hardware, Iron and Industrial Reporter** ,1918
