The Problem Of Ritual:

The Problem of Ritual Efficacy William Sax, Johannes Quack, Jan Weinholt, 2010-01-15 How do rituals work Although this is one of the first questions that people everywhere ask about rituals little has been written explicitly on the topic In *The Problem of Ritual Efficacy* nine scholars address this issue ranging across the fields of history anthropology medicine and biblical studies For modern people the very notion of ritual efficacy is suspicious because rituals are widely thought of as merely symbolic or expressive so that by definition they cannot be efficacious Nevertheless people in many cultures assume that rituals do indeed work and when we take a closer look at who makes claims for ritual efficacy and who disputes such claims we learn a great deal about the social and historical contexts of such debates Moving from the pre modern era in which the notion of ritual efficacy was not particularly controversial into the skeptical present the authors address a set of debates between positivists natural scientists and religious skeptics on the one side and interpretive social scientists phenomenologists and religious believers on the other Some contributors advance a particular theory of ritual efficacy while others ask whether the question makes any sense at all This path breaking interdisciplinary collection will be of interest to readers in anthropology history religious studies humanities and the social sciences broadly defined and makes an important contribution to the larger conversation about what ritual does and why it matters to think about such things

The Problem of Ritual Efficacy William Sturman Sax, Jan Weinholt, 2010 This collection of ten contributed essays explicitly addresses the question of ritual efficacy The authors do not aspire to answer the question how do rituals work in a simplistic fashion but rather to show how complex the question is *The Problem of Ritual* Tore Ahlbäck, 1993

The Problem of the Old Testament James Orr, 1906 [Christian Worship and Its Cultural Setting](#) Frank C. Senn, 2004-01-20 This serious inquiry into the relationship between worship and its cultural setting can help pastors seminarians and other worship leaders steer a path between cultural capitulation on the one hand and cultural irrelevancy on the other in the ordering and doing of Christian liturgy Senn suggests that the interplay between cult and culture should be a transformation of culture as it is appropriated in Christian worship leading to an experience which is both a human activity and a transcendental event

Ritual and Symbol in Peacebuilding Lisa Schirch, 2005 Annotation Schirch argues that examples of peacebuilding often center on the serious rational negotiations and formal problem solving efforts in conflict situations but that what truly bonds adversaries and helps achieve peace are the symbolic non verbal ritual Yet these are often overlooked as deliberate components of peace negotiations [The Ritual of Living](#) Marc Edmund Jones, 1930 **The Debates of the House of Deputies in the General Convention ...** Episcopal Church.
