Engineering Board of Review, 1925 **Contaminations** Michael Mack, 2019-08-05 This book enquires into the problem of various oppositions between pure entities such as nature and society body and mind science and the arts subjectivity and objectivity It examines how works of literature and cinema have contaminated constructions of the pure and the immune with their purported opposite As an advanced critical introduction to the figure of contamination the book makes explicit what so far has remained unarticulated 82 what has only been implied 82 within postmodern poststructuralist and deconstructive theory Combining theory with literary criticism the book sheds light on how overlooked aspects of the novels of Henry James Herman Melville and H G Wells question notions of natural order as well as an opposition between the subjective and the objective It offers fresh readings of classic films and literary texts including *Vertigo* and *Moby Dick* with the aim to ground theoretical insights in close analysis *Christian Mysticism's Queer Flame* Michael Bernard Kelly, 2018-09-03 Is the Christian mystical tradition a relic of another time shaped by celibates for celibates unable to engage meaningfully with people of our time who embrace their corporeality and sexuality as crucial aspects of their journey towards union with God This book reflects in serious theological depth and detail on the spiritual and sexual journeys of gay men of mature and committed Christian faith employing the Christian mystical tradition as the lens and the interlocutor in this process This study examines the major themes and stages of the mystical tradition as outlined by Evelyn Underhill but also including more recent work by Ruth Burrows Thomas Merton and Constance Fitzgerald Using methods of qualitative research it then considers the texts of in depth interviews conducted with men most of whom are theologians or spiritual leaders with a deep Catholic faith and all of whom are openly self affirmingly gay Finally it employs Ricoeur's hermeneutical theory to engage in a creative theological conversation between the traditional mystical stages and themes and these men's lives as described in their interviews This is a unique study that brings together ancient spirituality with contemporary lived religion As such it will be of interest to scholars of religious studies theology Christian mysticism and spirituality and queer studies It will be of particular interest to
