James R. Martel

The Angel Prophet:

The Angel Prophet Ward Andrews, 1992-12-01 The Prophet's Ascension Christiane J. Gruber, Frederick S. Colby, 2010-02 The tales of the mi raj describe the prophet Muhammad's journey through the heavens his encounters with prophets and angels and his visit to heaven and hell The tales are among Islam's most popular appearing in Arabic Persian and Turkish literature and in later adaptations throughout the Muslim world Often serving as narratives designed to promote the worldview of particular Muslim groups the tales were also a means for communities to construct rules of normative behavior and ritual practices and were used to assert the superiority of Islam over other religions The essays in this collection discuss the formation of this narrative the mi raj as a missionary text its various adaptations its application to esoteric thought and its use in performance and ritual Anarchist Prophets James R. Martel, 2022-07-11 In Anarchist Prophets James R. Martel juxtaposes anarchism with what he calls archism in order to theorize the potential for a radical democratic politics He shows how archism a centralized and hierarchical political form that is a secularization of ancient Greek and Hebrew prophetic traditions dominates contemporary politics through a prophet's promises of peace and prosperity or the threat of violence Archism is met by anarchism in which a community shares a collective form of judgment and vision Martel focuses on the figure of the anarchist prophet who leads efforts to regain the authority for the community that archism has stolen The goal of anarchist prophets is to render themselves obsolete and to cede power back to the collective so as to not become archist themselves Martel locates anarchist prophets in a range of philosophical literary and historical examples from Hobbes and Nietzsche to Mary Shelley and Octavia Butler to Kurdish resistance in Syria and the Spanish Revolution In so doing Martel highlights how anarchist forms of collective vision and action can provide the means to overthrow archist authority **Christian Iconography: The Trinity. Angels. Devils. Death. The soul. The Christian scheme. Appendices** Adolphe Napoléon Didron, 1886 Traces of the Prophets Adam Bursi, 2023-01-08 Contributing to scholarship studying Islam alongside other late antique religions Traces of the Prophets highlights how early Muslims deployed sacred objects and spaces to inscribe and dispute Islam's continuities with and differences from Judaism and Christianity The book argues that prophets' relics ritually and rhetorically shaped Muslim identities in the first centuries of Islam Traces of the Prophets rewrites the history of holy bodies and sacred spaces in the emergence of Islam Rather than focusing on theological controversies among early Muslims this book is grounded in the material objects and places that Muslims touched and thought with in defining Islamic practice and belief While often marginalized in modern scholarship sacred relics and spaces stood at the disputed boundaries of emergent Islamic identities Objects and spaces like Abraham's footprints in Mecca and Muhammad's tomb in Medina provided sites of shared Islamic ritual as well as tools for differentiating Muslims from non-Muslims The Works of Aurelius Augustine Saint Augustine (of Hippo), 1873 Angels, Prophets, Rabbis & Kings from the Stories of the Jewish People José Patterson, 1991 A collection of traditional Jewish legends
