The Animal In Me:

The Animal in Man Joseph Asphahani, 2018-10-30 Maxan a cunning fox stalks the Leoran capital city of Crosswall as a shadow a lone operative for the city guard who must never be seen or heard and never engage with the enemy But when he is caught in an explosion that levels a city block the fox ignores his mission and retrieves a dangerous artifact that could bring the whole planet of Herbridia to its knees the relay a weapon that turns civilized animals into savage beasts Maxan must fight to keep the mysterious relay from falling into the hands of those who would abuse its power There is just one problem he doesn't know who to trust or why he alone is immune to the deadliest weapon in the world With Leora on the brink of a massive civil war can Maxan find his allies in time to save animalkind from itself *Sexing the Animal in a Post-Humanist World* Roslyn Appleby, 2019-05-15 This pioneering collection of essays unpacks the complex discursive and embodied relationships between humans and animals contributing to a more informed understanding of both human animal relations and the role of language in social processes Focusing on the example of shark human interactions the book draws on forms of analysis from multimodality and critical discourse studies to examine the representations of this relationship across visual arts popular media and the natural sciences each viewed through a critical feminist lens The combined effect highlights the significance of the emergent turn to post humanism in applied linguistics and its role in fostering more engaged discussions around broader contemporary social issues including environmental degradation and climate change on the one hand and resurgent feminism and challenges to normative heterosexuality on the other Paving the way for new forms of writing and language for a post anthropocentric age this volume is essential reading for students and scholars in applied linguistics gender studies sociolinguistics human animal studies and environmental humanities **The Animal in the Synagogue** Dan Miron, 2019-09-06 *The Animal in the Synagogue* explores Franz Kafka's sense of being a Jew in the modern world and its literary and linguistic ramifications It falls into two parts The first is organized around the theme of Kafka's complex and often self derogatory understanding and assessment of his own Jewishness and of the place the modern Jew occupies in the abyss of the world Martin Buber That part is based on a close reading of Kafka's correspondence with his Czech lover Milena Jesenska and on a meticulous analysis thematic stylistic and structural of Kafka's only short story touching openly and directly upon Jewish social and ritual issues and known as *In Our Synagogue* the title not by the author In both the letters and the short story images of small animals repulsive dirty or otherwise objectionable are used by Kafka as means of exploring his own manhood and the Jewish tradition at large as he understood it The second part of the book focuses on Kafka's place within the complex of Jewish writing of his time in all its three linguistic forms Hebrew writing essentially Zionist Yiddish writing essentially nationalistic but not committed to Zionism and the writing like his in non Jewish languages mainly German and within the non Jewish religious and artistic traditions which inhered in them The essay deals in detail with Kafka's responses to contemporary Jewish literatures and his pessimistic evaluation of those literatures potential

Essentially Kafka doubted the sheer possibility of a genuine and culturally tenable compromise let alone synthesis between Jewishness and modernity The book deals with topics and some texts that the flourishing ever expanding Kafka scholarship has either neglected or misunderstood because most scholars had no real background in either Hebrew or Yiddish studies and were unable to grasp the nuances and subtle intentions in Kafka s attitudes toward modern Hebrew and Yiddish literature and their paragons such as the major Zionist Hebrew poet H N Bialik or the Yiddish master Sholem Aleichem

The Animal that Therefore I Am Jacques Derrida,2008 *The Animal That Therefore I Am* is the long awaited translation of the complete text of Jacques Derrida s ten hour address to the 1997 C risy conference entitled *The Autobiographical Animal* the third of four such colloquia on his work The book was assembled posthumously on the basis of two published sections one written and recorded session and one informal recorded session The book is at once an affectionate look back over the multiple roles played by animals in Derrida s work and a profound philosophical investigation and critique of the relegation of animal life that takes place as a result of the distinction dating from Descartes between man as thinking animal and every other living species That starts with the very fact of the line of separation drawn between the human and the millions of other species that are reduced to a single the animal Derrida finds that distinction or versions of it surfacing in thinkers as far apart as Descartes Kant Heidegger Lacan and Levinas and he dedicates extended analyses to the question in the work of each of them The book s autobiographical theme intersects with its philosophical analysis through the figures of looking and nakedness staged in terms of Derrida s experience when his cat follows him into the bathroom in the morning In a classic deconstructive reversal Derrida asks what this animal sees and thinks when it sees this naked man Yet the experiences of nakedness and shame also lead all the way back into the mythologies of man s dominion over the beasts and trace a history of how man has systematically displaced onto the animal his own failings or b tises *The Animal That Therefore I Am* is at times a militant plea and indictment regarding especially the modern industrialized treatment of animals However Derrida cannot subscribe to a simplistic version of animal rights that fails to follow through in all its implications the questions and definitions of life to which he returned in much of his later work

The Figure of the Animal in Modern and Contemporary Poetry Michael Malay,2018-06-05 This book argues that there are deep connections between poetic thinking and the sensitive recognition of creaturely others It explores this proposition in relation to four poets Marianne Moore Elizabeth Bishop Ted Hughes and Les Murray Through a series of close readings and by paying close attention to issues of sound rhythm simile metaphor and image it explores how poetry cultivates a special openness towards animal others The thinking behind this book is inspired by J M Coetzee s *The Lives of Animals* In particular it takes up that book s suggestion that poetry invites us to relate to animals in an open ended and sympathetic manner Poets according to Elizabeth Costello the book s protagonist return the living electric being to language and doing so compel us to open our hearts towards animals and the claims they make upon us There are special affinities for her between the music of poetry and the recognition of others But

what might it mean to say that poets to return life to language And why might this have any bearing on our relationship with animals Beyond offering many suggestive starting points Elizabeth Costello says very little about the nature of poetry s special relationship with the animal one aim of this study then is to ask of what this relationship consists not least by examining the various ways poets have bodied forth animals in language
