The Arab World And Israel:

Israel and the Arab World Aharon Cohen,1976 [The Iron Wall](#) Avi Shlaim,2001 This book helps to understand the debate within Israel about the possibility of peace with the Palestinians **Israel and the Arab World** Gil Zohar,2015-11 This entry in *Voices From Israel* examines Israel's geopolitical position in the Middle East and the Arab world The status of many Palestinians as stateless people and refugees is often in the news This book explains how this tragedy was created and is being perpetuated The narrative examines Zionist chauvinism Arab rejectionism the long and convoluted search for peace and the history of asymmetric warfare and terror We'll look at Israel's relations with Egypt and Jordan with whom it has peace treaties We'll meet some Palestinians including Palestinian Americans and we'll encounter a symbol that evokes coexistence and peace Parallel to the Palestinian Israeli conflict is a war for public opinion I encourage you dear readers to have an open mind and to avoid stereotypes as you seek to unravel the tangled truth Peace begins in one's heart and not from government decrees Certainly not from propaganda May we all merit to contribute to peace and understanding in the global village which is the planet Earth **Israel and the Arab World** C.H. Dodd,M.E. Sales,2015-05-22 The Arab Israeli conflict provides the world with one of its most intractable and dangerous problems This documentary analysis of the period first published in 1970 from the First World War to 1968 will be welcomed by all those who seek an impartial understanding of the problem The editors have gathered together documents ranging from official papers original maps and a Palestine Israel population graph to quotations from contemporary historians and observers So far as possible the documents themselves are made to tell the dramatic story of Arab Israel relations But the editors also place them in the broader context of Middle Eastern history and indicate major points of interest The conclusion analyses fundamental issues and an appendix contains questions which may be answered from a study of the documents thus providing a useful basis for discussion

[Assessing the Impact of U.S.-Israeli Relations on the Arab World](#) Lenore G. Martin,2003 [A Concise History of the Arab-Israeli Conflict](#) Ian J. Bickerton,Carla L. Klausner,1995 A balanced and concise analysis of the Arab Israeli conflict since the foundation of the State of Israel one of the most intractable and drawn out armed struggles of modern times The author argues that the use of armed force has not and will not resolve the issues that have divided Israelis and Arabs for the past 60 years **Israel at Peace with the Arab World** Mark Tessler,1995-07-11 This paper examines three interrelated topics Firstly and most importantly it discusses the position that Israel is likely to seek to define for itself in the Middle East if its conflict with the Arab world is resolved Specifically it assesses the strategic economic political and ideological factors that will determine Israel's interests in the Middle East speculates about the kinds of alliances and relationships Israel is likely to seek in pursuit of these interests and considers the probable character of selected bilateral relationships that are likely to emerge as a result Secondly the paper assesses the likely impact on Israel's ties with key actors outside the region particularly the United States of its peaceful and deepening involvement in Middle Eastern international relations Finally it

considers the ways that peace will affect political dynamics inside Israel including those relating to the making and conduct of foreign policy In particular it asks how the competition between moderates and hard liners a key dimension of present day politics might be transformed by a resolution of the Arab Israeli conflict *Israel, the Middle East, and the Great Powers* Israel Stockman-Shomron, Israel The Middle East and the Great Powers presents the Israel Arab conflict to the general public in a uniquely comprehensive and interdisciplinary format Its form and content reflect the most serious efforts of Israel s intellectual community to analyze the conflict situation in which they live objectively and honestly The book argues that recent events have reduced the U S role and changed the policy parameters in the region A broad cross section of Israel s foremost orientalist historians jurists and political scientists have contributed a selection of articles and lexicons which embody the essential aspects of the conflict in its broadest sense Each key element is analyzed within a number of categories the ideological theological plane Judaism Zionism the Holocaust Jerusalem and the three monotheistic religions the Palestinian sphere PLO ideology Jordan and the Judea the superpowers and the wider region Iran Iraq the Islamic resurgence oil the Soviet Union and the Middle East the United States and Israel etc Detailed lexicons offer concise factual breakdowns of both the Middle East inter Arab aspects key Arab countries conventional and nuclear Arab armaments and the Arab Israel context chronology of the conflict key events and personalities in Zionism UN involvement international legal aspects

Myths and Facts Mitchell Geoffrey Bard,2002 A revised and updated version of the classic guide to the Arab Israeli conflict including all the events since Oslo Israel s roots The Arab Israeli wars The United Nations The refugees The treatment of Jews in Arab Islamic countries Israel s treatment of Arabs The al Aksa intifada Jerusalem U S Middle East policy The peace process Settlements The media New maps and charts P 4 of cover **Israel's Strategic Agenda** Efraim Inbar,2013-09-13 Divided into two clear parts the first part of this book examines political and economic factors in the global strategic environment including the approach of US and EU foreign policies towards Israel global trends in the field of defence industries and the energy sector and their implications for the Middle East and Israel The second part focuses on Israel s strategic agenda as reflected in its military force design and doctrine the dilemmas the country has faced in the course of fighting its wars of attrition the relations between military and civil sectors in Israel the struggle against Israel on the part of non governmental organizations Israel s main security challenges and national grand strategy This book was previously published as a special issue of Israel Affairs **David Ben-Gurion, the State of Israel and the Arab World, 1949-1956 (HB @ PB Price)** Zaki Shalom,2002-01-01 The first book to deal primarily with Ben Gurion s strategic political perceptions and his images of Israel the Arab world and their mutual realtions [Egypt in the Arab World](#) A. I. Dawisha,1976 [Jews and Muslims in the Arab World](#) Jacob Lassner,Ilan S. Troen,2007-05-30 Jews and Muslims in the Arab World highlights the effects of historical memory on the Arab Israel conflict demonstrating that both Jews and Arabs use stories of distant pasts to create their identities and shape their politics Whether real or imagined the past filtered through

their collective memories has had and will continue to have enormous influence on how Jews and Arabs perceive themselves and each other Jews and Muslims in the Arab World describes the ways in which the past is absorbed internalized and then processed among Jews and Arabs The book stresses the importance of historical imagination on the current evolving political cultures but does not claim that explanations from an ancient past shed light on every aspect of contemporary events

The Commonwealth ,1962 **Israel's Foreign Policy Beyond the Arab World** Jean-Loup Samaan,2017-11-28 For over 60 years Israel s foreign policy establishment has looked at its regional policy through the lens of a geopolitical concept named the periphery doctrine The idea posited that due to the fundamental hostility of neighboring Arab countries Israel ought to counterbalance this threat by engaging with the periphery of the Arab world through clandestine diplomacy Based on original research in the Israeli diplomatic archives and interviews with key past and present decision makers this book shows that this concept of a periphery was and remains a core driver of Israel s foreign policy The periphery was borne out of the debates among Zionist circles concerning the geopolitics of the nascent Israeli State The evidence from Israel s contemporary policies shows that these principles survived the historical relationships with some countries Iran Turkey Ethiopia and were emulated in other cases Azerbaijan Greece South Sudan and even to a certain extent in the attempted exchanges by Israel with Gulf Arab kingdoms The book enables readers to understand Israel s pessimistic or realist in the traditional sense philosophy when it comes to the conduct of foreign policy The history of the periphery doctrine sheds light on fundamental issues such as Israel s role in the regional security system its overreliance on military and intelligence cooperation as tools of diplomacy and finally its enduring perception of inextricable isolation Through a detailed appraisal of Israel s periphery doctrine from its birth in the fifties until its contemporary renaissance this book offers a new perspective on Israel s foreign policy and will appeal to students and scholars of Middle East Politics and History and International Relations **Israel and World Politics** Theodore Draper,1968
