**Charles Haddon Spurgeon**

## **The Ark Not Just A Boat:**

The Ark Ruth Richardson,2004-12 The Ark is our home and the poems tell about the ups and downs of the waters we pass over and how we get through the storms Also included in the writings are the issues we are greeted with and how we deal with them We share life hope and encouragement with the people that God places in our home The Ark is dear to my heart The lives we touch as passengers come in and out of the storms of their lives As the Ark has no rudder neither do we set direction but give a place of hope in the storm I can t tell you the day or the hour that I decided to travel the highways or to move from place to place All I know is that from birth until now I have not stayed in one place too long It could have been the fact that I am a military brat or that I love to look out the window as the road that I travel changes with each mile The mountains and valleys fields and seas all seem a blur to me now I have settled down and with my husband have bought a home a place to stay live love and grow roots tearing the ground below me growing deeper and deeper anchoring my heart to our home Having been a caretaker all of my life to someone the moaning of my soul cries out for a life to touch in some way It did not take long for the moans to reach heaven and our home is filled with life Children born to us and given to us by God strangers and friends short and long term guests Our home the Ark my life

**In the Days of Noah: The Witness of Creation Series Volume Four** Billy Crone,2017-10-18 Everyone loves a good mystery and fortunately our world is full of them This is due to the grand conspiracy that is being foisted upon us from the evolutionary establishment and hypocrisy of the modern scientific community In essence they are covering up as much as they are digging up Therefore this study In the Days of Noah Giants Ancient Technology and Noah s Ark seeks to equip you with the hard facts and solid proof concerning the true history of humanity Here you will see actual video clips interviews and a plethora of photographs that will unlock the answers to such mysterious questions as Was there an advanced high tech society that was destroyed by a great deluge How did the ancients acquire this knowledge Did it come from UFO s or a highly advanced race of intelligent people Who are the Nephilim Are giants real Is there any truth to the Greek Mythologies Did Noah s ark really exist Is Noah real *The The Story Behind the Bible Trilogy: Book I The Torah; Book II The Prophets; Book III The New Covenant* J. K.

Alexander,2019-11-27 With facts and information insightful commentary and even a few flights of fantasy The Story Behind the Bible trilogy weaves a magnetic journey through the ancient texts of the Bible for believers and non believers alike It s a journey that can draw readers into a universe that is larger and more incredible than they ever thought possible A highly comprehensive overview of the entire Bible the trilogy also proves that the prophets of scripture made impossible and miraculous predictions and prophecies concerning future events including our current era and virtually proves that God s hand steers the broad stream of world history Now over two thousand years hence much of scripture has been misinterpreted misapplied or simply lost to traditions and folklore The books address those issues with commentary and doctrine and through the elegant story and amazing people of the New Testament bring the biblical story to a triumphant

end **Archaeo-Astronomia** Dean Clarke, 2008-10-23 There have been many books on the origin of astronomy some good and some very poorly address the issues of ancient man's interests in the stars. The ancient Sumer and Egyptian notions of music mostly confirm how ancient this notion is in their chorded progressions of tone. This notion is more an Upper Paleolithic celestial idea. In a sense, man during this time was beginning to have a concept of north, south, east, and west in spatial terms. It involves the curvature of the ribs of Nut, the Egyptian Sky Goddess, as a ribbed vaulted sky and sometimes in a horizon sense of a bowing arch of a star's path or the curve of a bone in the star's moving path. The half-way point of this fall, for say our Nut, Adam, and Eve would thus be about 27,000 BC, which falls in a significant period: Ice Age re-emergence and deserts expanding in equatorial regions. These are only a small part of what had to be addressed in origins of night sky studies. The point being this piece, as fake or not, is that the components of the animals, man, plants, and man's artifacts were very early on displayed. We might ask in such a condition what was their night sky? If we look at all of these constellations, they fall below the Celestial Equator in the South Pole region, mostly. It would seem that all these birds, to them being placed in the night sky like the stars, and as they watched what directions the birds along with stars, as to where they went in order to ascertain their relations to dusk or dawn night sky. What caused the South Africa plight of 80,000 BC? The Antarctica had been growing ice forms from 170,000 BC to 80,000 BC, towards the north, and then around 70,000 BC there seemed to be a melting trend back south. In an astronomy sense, we can thank him for larger game entering in the pantheon of the constellations or the leaf otter and some constellations lost to time like the mammoths. What does this have to do with constellations, taboos, or the advent of Cro-Magnon man, well, in the depictions of constellation images. Slowly from east to west, the stars move, but then it did not take man not long after 70,000 BC to note that some planets or stars seemed to move retrograde in the night sky. This book addresses what ideas did they show or have before or after these earth changes. As ideas such as, maybe it was a lasso constellation for some animals capture as a God of Capture. And somewhere around the time of 50,000 BC in the region of northern England to the region above the Black Sea, there occurred a melting phase between the ice ages and cultures began to spread. The evidence of this is found by different locations in Europe and Central Europe of the use of rock shadows, stars noted by hands in movement, and certain hand symbols by star images or dots as stars, not just stab marks. Ironical again that Man beside Woman on the pole tree-top does not have strong reminders of the Adam-Eve Tree and the Serpent, as maybe Draco. The symbol anciently always shows the snake at the foot of the tree or ascended the tree at the apex of the trunk, which if astronomy wise would mean an ascended constellation to the Zenith or the Pole. Draco thus deposed Adam and Eve from their own constellation garden and domain by its ascending as an ancient Pole Axis Mundi. Thus the smoke screen really is a tie between this local area of France and Late Paleolithic Man's ideas of that region in the night sky of a certain year or month period of hunting. Although we have jumped forward in the time of ancient astronomy beginnings in a way, really in this sense, we have not. To the real beginnings of little-known ancient astronomy *The Lost*

*World of the Flood* John H. Walton, Tremper Longman III, 2018-04-03 The Genesis flood account has been probed and analyzed for centuries But what might the biblical author have been saying to his ancient audience In order to rediscover the biblical flood we must set aside our own cultural and interpretive assumptions and visit the distant world of the ancient Near East Walton and Longman lead us on this enlightening journey toward a more responsible reading of a timeless biblical narrative
