

THE HITLER SPRING

Ne quella ch'a veder lo sol si gira . . .
Dante (?) to Giovanni Quirini

The thick white cloud of crazy moths is whirling
around the pale lights and the parapets,
spreading a blanket on the earth that snaps
like sugar underfoot; the coming summer
frees the night frost locked in the dead season's
secret cellars, and the gardens
that scale down from Maiano to these sands.

An infernal angel passed in flight
just now along the avenue
in a crush of thugs; an eerie emptiness
lit and festooned with swastikas engulfed him;
the poor, defenseless windows, also armed
with guns and war toys too, are shuttered up,
the butcher who decked berries on the snouts
of his slaughtered baby goats has closed; the feast
of the meek executioners still innocent of blood
has turned into a foul Virginia reel of shattered wings,
ghosts on the sand bars, and the water rushes in
to eat the shore and no one's blameless anymore.

All for nothing, then?—and the Roman candles
at San Giovanni, slowly whitening
the horizon, and the vows and long farewells
definitive as baptism in the horde's
wan vigil (but a jewel scored the air,
sowing the icy edges of your beaches
with the angels of Tobias, the seven,
seeds of the future) and the heliotrope
born in your hands—all burned, sucked dry
by pollen that wails like fire
and stings like hail . . .

Oh the wounded spring
is still a festival if it can chill

The Hitler Poems:

The Hitler Poems Janet C. Phelan, 2005-11 These poems depict a journey through a dark landscape where the political and personal are fused into a geography of disinformation sex betrayal and deadly technology Phelan has produced verbal snapshots of a subterranean war with fronts in Los Angeles as well as Fallujah where the only defense is one's integrity and the stakes may be life itself

The Hitler of History John Lukacs, 2011-04-06 In this brilliant strikingly original book historian John Lukacs delves to the core of Adolf Hitler's life and mind by examining him through the lenses of his surprisingly diverse biographers Since 1945 there have been more than one hundred biographies of Hitler and countless other books on him and the Third Reich What happens when so many people reinterpret the life of a single individual Dangerously the cumulative portrait that begins to emerge can suggest the face of a mythic antihero whose crimes and errors blur behind an aura of power and conquest By reversing the process by making Hitler's biographers rather than Hitler himself the subject of inquiry Lukacs reveals the contradictions that take us back to the true Hitler of history Like an attorney Lukacs puts the biographies on trial He gives a masterly account of all the major works and of the personalities methods and careers of the biographers one cannot separate the historian from his history particularly in this arena he looks at what is still not known and probably never will be about Hitler he considers various crucial aspects of the real Hitler and he shows how different biographers have either advanced our understanding or gone off track By singling out those who have been involved in or co-opted into an implicit rehabilitation of Hitler Lukacs draws powerful conclusions about Hitler's essential differences from other monsters of history such as Napoleon Mussolini and Stalin and equally important about Hitler's place in the history of this century and of the world

The Hitler Diaries Charles Hamilton, 2021-09-15 Now for the first time the complete expose of the most daring and successful forgery of all time For seven days in April 1983 the sensational discovery of Hitler's sixty two volumes of secret diaries dominated the news headlines of the world Scholars hailed the diaries as the greatest find of the century a historical bonanza that would entirely alter our views of Hitler and the Third Reich Shocked readers followed daily installments showing that Hitler knew nothing about the Holocaust Then in an abrupt reversal the diaries were proved to be bogus

The Unpleasant Subject Michael Thorpe, 2001 Poetry Everybody has the right to deal with the subject if it is in the direction of our anguish and does not disarm it Elie Wiesel Based on comparative almost compulsive reading and deep reflection this long series of poems is an attempt to comprehend the great dark evil that was Hitlerzeit Eschewing factual embellishment and emotional excess Thorpe's precise and controlled poetry confronts the man Hitler and his time that altered history and our notion of ourselves and casts a shadow even into our age His poems are solid rough hewn with jagged edges a sculptural quality that matches his uncompromising human vision Canadian Literature Thorpe is the author of eight other volumes of poetry and several works of criticism

Flowers for Hitler Leonard Cohen, 1964 [Hitler Painted Roses](#) Steve Richmond, 1994 **Poems of the Holocaust** Cecille Klein, 2010-08 Poems of the

Holocaust is a sensitive reflection through poetry of the savagery and inhumanity of the Holocaust and a determined faith in humankind My poems are a Eulogy to our loved ones and to all the millions that were so ruthlessly and senselessly killed Those who have the audacity to deny the atrocities committed against the six million Jews those are the people who would not hesitate to continue in Hitler s footsteps if they had the power We the survivors are the very proof to their lies we are the witnesses to those horrible deeds committed by a so called cultured people whose tortures surpassed those of the Middle Ages Dedicated to my family and the six million martyrs Cecilie Klein Cecile Klein is also the author of Sentenced to Live
