## **The Magic Of Coole:**

*Marina Carr* Melissa Sihra, 2018-11-19 This book locates the theatre of Marina Carr within a female genealogy that revises the patriarchal origins of modern Irish drama The creative vision of Lady Augusta Gregory underpins the analysis of Carr's dramatic vision throughout the volume in order to re-situate the woman artist as central to Irish theatre For Carr writing is more about the things you cannot understand than the things you can and her evocation of pastures of the unknown forms the thematic through line of this work Lady Gregory's plays offer an intuitive lineage with Carr which can be identified in their use of language myth landscape women the transformative power of storytelling and infinite energies of nature and the Otherworld This book reconnects the severed bridge between Carr and Gregory in order to acknowledge a foundational status for all women in Irish theatre

**Building W. B. Yeats's Later Poetry** Tomoko Iwatsubo, 2024-09-09 This book explores Yeats's later poetry through the metaphor of the poetic tower where different kinds of building architectural textual political and symbolic were closely interrelated It chronologically examines Yeats's tower poems composed during a period of dramatic personal and national transformation from 1915 to 1932 Within a year after the Easter Rising in Dublin Yeats acquired a half ruined Norman tower in County Galway Ireland which had enthralled him for the past two decades and textually and architecturally constructed it into a focus of his life and work Interweaving the account of the renovation of the actual building and the textual construction in the socio-historical contexts the book reveals the evolution of Yeats's multiplex tower as an organizing principle of his later poetry Using the archive of correspondence and manuscript materials of relevant poems including those which have thus far escaped close attention the book offers close textual genetic analyses and a diachronic view of Yeats's tower poetry which with its foundations laid decades earlier he built in the collections from *The Wild Swans at Coole* 1919 to *The Winding Stair and Other Poems* 1933 Highlighting the delicate exchange between poetry and biography as well as between the textual architecture and the actual one identifying a turning point in the making of each tower-oriented poem and proposing some draft dating revisions this first book-length systematic study on the process of Yeats's creation of the tower casts an unfamiliar light on a familiar yet underexplored landmark in modern poetry and makes his step-by-step construction work come alive

*Thinking Places* Carolyn Fleming, 2015-06-23 *Thinking Places* is a literary travel book with tales of many journeys and fresh insights into the lives of thirty-one creative people and the private retreats or pathways used in their work

Yeats's Poetic Codes Nicholas Grene, 2008-06-12 Nicholas Grene explores Yeats's poetic codes of practice the key words and habits of speech that shape the reading experience of his poetry Where previous studies have sought to decode his work expounding its symbolic meanings by references to Yeats's occult beliefs philosophical ideas or political ideology the focus here is on his poetic technique its typical forms and their implications for the understanding of the poems Grene is concerned with the distinctive stylistic signatures of the *Collected Poems* the use of dates and place names within individual poems the handling of demonstratives and of grammatical tense

and mood certain nodal Yeatsian words dream bitter sweet and images birds and beasts dialogue and monologue as the voices of his dramatic lyrics The aim throughout is to illustrate the shifting and unstable movement between lived reality and transcendental thought in Yeats the embodied quality of his poetry between a phenomenal world of sight and an imagined world of vision
