Amiel Houser,2024-08-06 This book examines the relationship between empathy and neoliberalism as it unfolded in the aftermath of the 2008 financial crisis and through the turbulent 2010s Via close readings of contemporary novels as well as various non fictional texts it traces the changing approaches to empathy in the post financial crisis imagination highlighting a crucial re conceptualization of empathy as a boundaryless force untethered to local or social circumstance This reconceptualization implicitly aligns empathy with the neoliberal ethos of globalism and distances it from the traditional notion of sympathy Via complex dialogue with the novelistic tradition of sympathy contemporary novelists highlight the problematics of boundaryless empathy while exploring ways to resist neoliberal views and values Analyzing engagements

with empathy in post 2008 literature and culture the book sheds light on the underlying affective dynamics that enabled the persistence of neoliberalism after the 2008 financial crisis alongside efforts to challenge its dominance
