**Down the Rabbit Hole, A Mystical Adventure** M.G. Hawking,2025-12-10 This short story is an enchanting tale with a message for all ages that magic is not an illusion but something we all possess Magic is believing in yourself if you can do that you can make anything happen Goethe The title of this story down the rabbit hole is of course from Alice s Adventures in Wonderland 1865 a wonderful children s story by Lewis Carroll in which a charming young girl named Alice falls down a rabbit hole into a strange dreamlike world It was much pleasanter at home

thought Alice when one wasn't always being ordered about by mice and rabbits I almost wish I hadn't gone down the rabbit hole and yet and yet Down the rabbit hole has become a term referring to a situation that is strange or confusing often mystical or magical and in this story an encounter from which one will emerge with increased knowledge widened horizons enriched imagination and a sense of greatly enlarged possibilities In Carroll's sequel to Alice's Adventures in Wonderland Through the Looking Glass 1871 near the end of her encounter with the White Queen Alice protests that one can't believe impossible things The White Queen famously retorts I daresay you haven't had much practice When I was your age I always did it for half an hour a day Why sometimes I've believed as many as six impossible things before breakfast Unlike the White Queen I do not advocate believing impossible things But it is much to be hoped that this short story and the anthology that follows it will encourage the reader to consider all the possibilities and therefore believe at least one magical thing perhaps even before breakfast This charming fantasy will have you and your children engaged and laughing Even better it will leave them with the message that they have within them all the spirit and magic they'll ever need Mystical whimsical and richly entertaining from the opening scene to the unexpected conclusion this inspirational short story will transport you to a wonderful place and resound in your heart long after the last words have been read 2025 Edition Short Story Includes a bonus Anthology Section e reader page count 102 estimated depends on the reading device Thank you and enjoy
