The Slayers Guide To Games Masters:

The Slayer's Guide to Gnolls Alexander Fenell, Matthew Sprange, Various, 2001-07-01 The second supplement in the acclaimed Slayers Guide series from Mongoose Publishing this book focuses on the blood thirsty race of gnolls from their brutal and barbaric society to their lethal tactics of ambush Games Masters will find within these pages a huge amount of new material ready to be incorporated into any existing campaign allowing them to portray gnolls with an unparalleled depth Players will benefit from studying their enemy in intimate detail as each Slayers Guide is an invaluable tool for survival Learn the most effective methods of hunting down and annihilating this evil race [The Slayer's Guide to Lizardfolk A.](#)

Kenrick, Ralph Horsley, 2004-03-01 The Slayer's Guide to Lizardfolk is a complete resource for a popular creature in roleplaying demonstrating their flexibility for Games Masters and providing a multitude of scenario ideas and extra rules that will keep players guessing even as they engage in bloodthirsty battle The Slayer's Guide to Lizardfolk covers one of the most used yet least detailed monsters within the game developing a well known creature for Games Masters **The Slayer's Guide to Female Gamers** James Desborough, 2002-11-26 This book examines a source of much mystery and consternation to your average role player The Female Gamer and the female of the species in general The only culture present here should be examined under a slide and given a long Latin name before being exterminated with penicillin None of this should be taken as offensive though it probably will be If you cannot see that we are also taking the Mickey out of male gamers as much if not more than gamers of the female persuasion then you need a humour transplant and a kick up your pert well rounded tightly chain mail clad arse Please accept that most gamers do not have issues with women they have a subscription a complete collection from issue one and fancy binders to keep them in Female gamers are a completely unknown quantity to the vast and overwhelming majority of gamers though matters have been ever so slowly changing in that regard As these creatures become more populous in the gaming fraternity it behooves the male gamer to at least make an attempt understand this creature and to make preparations for their increasing invasion It would not do to be caught unawares by any new creature or trap and every adventurer's motto should be Be prepared rather than Experience points Chaaaaaarge

The Slayer's Guide to Titans Gareth Hanrahan, 2003-12-01 Their name has become a synonym for size and might Wielding one of their weapons has become a famous test of strength for mortals Their command of magic both arcane and divine puts all other races to shame Physically they contend with giants and dragons In matters of intellect and scholarship their learning and lore are renowned throughout the world They are the Titans and this is the guide Games Masters and players alike will need when dealing with them Titans as presented up until now are curious anomalies While they are obviously inspired by Greek myth they do not fit into the game as well as other Grecian imports like nymphs or centaurs What are titans Where do they live Any one has the power to challenge a kingdom or shatter a fortress of evil but they rarely act for the good they claim to cherish Why Who rules the titans This book attempts to answer these questions Herein you will learn the secret histories and destiny of the Titan race You will learn how they fight and why You will learn how to battle them but even in The Slayer s Guide to Titans we make no guarantees about killing them Even the Gods failed at that task

1993 TSR Master Catalog TSR, Inc, 1993

The Slayer's Guide to Kobolds Alejandro Melchor, Mongoose Publishing, Matthew Sprange, 2003-04-03 Kobolds are a common sight in many campaign worlds deemed by most adventurers to be a minor nuisance at best Certainly most experienced adventurers would question the need to study kobolds in any great depth but then few have faced the full might of a kobold clan and lived long enough to warn others of the peril they offer The Slayer s Guide to Kobolds offers insight to all adventurers in the culture and society of this vicious race enabling them to track down

engage and wipe out dozens of these murderous beasts It can only be hoped that such efforts will be enough to stall and drive back a race that is almost literally numberless No race in any campaign world however exists solely to provide cannon fodder for allegedly heroic adventurers The Slayers Guide to Kobolds redresses this imbalance by giving Games Masters the information they need to make kobolds a solid and coherent part of their campaign No longer will players merely scoff and draw their swords when they meet a group of kobolds within some ancient ruin Finally kobolds will have the respect they have always deserved Book jacket
