The Slayers Guide To Harpies:

The Slayer's Guide to Harpies James Maliszewski, Chris Quilliams, 2003-02-03 Harpies are cruel and vicious monsters that delight in the suffering of others They elevate selfishness and narcissism to new heights in their constant drive to establish superiority over lesser species such as humans dwarves and elves Yet many Games Masters consider Harpies as no better than animals unthinking brutes that can be used to challenge low and mid level adventurers once creatures such as orcs cease to pose a threat This fails to take into account the unique strengths and abilities of the Harpy which when used properly allow them to be used as opponents for even high level characters The Slayer s Guide to Harpies is packed with information on how to do just that

The Slayer's Guide to Female Gamers James Desborough, 2002-11-26 This book examines a source of much mystery and consternation to your average role player The Female Gamer and the female of the species in general The only culture present here should be examined under a slide and given a long Latin name before being exterminated with penicillin None of this should be taken as offensive though it probably will be If you cannot see that we are also taking the Mickey out of male gamers as much if not more than gamers of the female persuasion then you need a humour transplant and a kick up your pert well rounded tightly chain mail clad arse Please accept that most gamers do not have issues with women they have a subscription a complete collection from issue one and fancy binders to keep them in Female gamers are a completely unknown quantity to the vast and overwhelming majority of gamers though matters have been ever so slowly changing in that regard As these creatures become more populous in the gaming fraternity it behooves the male gamer to at least make an attempt understand this creature and to make preparations for their increasing invasion It would not do to be caught unawares by any new creature or trap and every adventurer s motto should be Be prepared rather than Experience points Chaaaaaarge
