

I THOUGHT OF YOU TODAY

I thought of you today but that is nothing new.
I thought about you yesterday and days
before that too. I think of you in silence,
I often speak your name. All I have are memories
and your pictures in a frame.

Your memory is
a keepsake from which
I'll never part.

God has
you in His arms,
I have you in
my Heart

Volume 1 Marc Jonathan Blitz, Jan Christoph Bublitz, 2021-12-06 Freedom of thought is one of the great and venerable notions of Western thought often celebrated in philosophical texts and described as a crucial right in American European and International Law and in that of other jurisdictions What it means more precisely is however anything but clear surprisingly little writing has been devoted to it In the past perhaps there has been little need for such elaboration As one Supreme Court Justice stressed freedom to think is absolute of its own nature because even the most tyrannical government is powerless to control the inward workings of the mind But the rise of brain scanning cognition enhancement and other emerging technologies make this question a more pressing one This volume provides an interdisciplinary exploration of how freedom of thought might function as an ethical principle and as a constitutional or human right It draws on philosophy legal analysis history and reflections on neuroscience and neurotechnology to explore what respect for freedom of thought or an individual's cognitive liberty or autonomy requires

The Future of Political Islam Graham E. Fuller, 2003-05-12 Graham E Fuller brings a lifetime of experience in the Muslim world to shed light on how common even universal political behavior takes on a distinctively Islamic guise in the Muslim world By examining the social economic and political context he explains that the struggle between the fundamentalists and liberals will determine the future of political Islam This sweeping survey of trends in the Muslim world from Morocco to the Philippines explores the diversity of Islamic political activity and makes clear that Islamic political movements represent a broad spectrum of outlook and behavior Whether traditional or liberal these movements have become an important vehicle for the concerns aspirations and grievances of vast numbers of Muslims worldwide and are a natural outgrowth of Muslim history Fuller contends that while political Islam is the dominant intellectual current a focus on radicalism and extremism blinds us from another trend liberal political Islam The issues are not what is Islam but what Muslims want and not whether Islam will play a central role in politics but which Islam As Islam has become the vocabulary for political and social expression it has come to serve various agendas
