*Unity*, 1905 **World's Work**, 1915 [Theological Interpretation of Scripture as Spiritual Formation](#), 2022-12-19 Academic expertise is essential But have you ever wondered how it itself is spiritually formative This book coming from an interdisciplinary assortment of scholars shows how the exegetical methods of Theological Interpretation of Scripture TIS are themselves spiritually formative This book provides a diverse collection of essays that focus on theological interpretative methods that result in a unique

transformational experience not achieved through historical critical or grammatical historical approaches alone. Renowned thinkers such as biblical scholar Ben Witherington III, historical theologian Mark Elliott, and theologian Arthur Sutherland offer new works that explore how reading theologically can transform theology, cultures, and individuals. These new studies focus on the theological exegesis of such thinkers as Mother Teresa, Thomas Aquinas, Ignatius of Antioch, and Clement of Alexandria. The collection also includes several important and timely pieces that show how theological interpretation leads to moral formation within diverse cultural groups, including African American and Latinx communities.

**The Myth of an Afterlife** Michael Martin, Keith Augustine, 2015-03-12. Because every single one of us will die, most of us would like to know what if anything awaits us afterward, not to mention the fate of lost loved ones. Given the nearly universal vested interest in deciding this question in favor of an afterlife, it is no surprise that the vast majority of books on the topic affirm the reality of life after death without a backward glance. But the evidence of our senses and the ever-gaining strength of scientific evidence strongly suggest otherwise. In *The Myth of an Afterlife: The Case against Life after Death*, Michael Martin and Keith Augustine collect a series of contributions that redress this imbalance in the literature by providing a strong, comprehensive, and up-to-date casebook of the chief arguments against an afterlife. Divided into four separate sections, this collection opens with a broad overview of the issues as contributors consider the strongest evidence of whether or not we survive death, in particular the biological basis of all mental states and their grounding in brain activity that ceases to function at death. Next, contributors consider a host of conceptual and empirical difficulties that confront the various ways of surviving death, from bodiless minds to bodily resurrection to any form of posthumous survival. Then, essayists turn to internal inconsistencies between traditional theological conceptions of an afterlife—heaven, hell, karmic rebirth—and widely held ethical principles central to the belief systems supporting those notions. In the final section, authors offer critical evaluations of the main types of evidence for an afterlife. Fully interdisciplinary, *The Myth of an Afterlife: The Case against Life after Death* brings together a variety of fields of research to make that case, including cognitive neuroscience, philosophy of mind, personal identity, philosophy of religion, moral philosophy, psychical research, and anomalistic psychology. As the definitive casebook of arguments against life after death, this collection is required reading for any instructor, researcher, and student of philosophy, religious studies, or theology. It issues to raise provocative issues new to readers, regardless of background, from those who believe fervently in the reality of an afterlife to those who do not or are undecided on the matter.

*The Central Literary Magazine*, 1909. **Medical Times**, 1915. *"Silence" in Translation* Anna Sui Hluan, 2022-12-02. The role of women in the church has long been a contentious topic for Christians. In this groundbreaking study, Dr. Anna Sui Hluan critically examines the understanding of silence within the Myanmar context, specifically as it impacts the church's interpretation of 1 Corinthians 14:34-35. She offers a comparative study of the Judson Burmese Bible alongside versions of the Greek text, exploring the role of translation in reinforcing cultural assumptions and codifying the translator's interpretive viewpoint. Analyzing the verses in

question through the lens of three contemporary schools of interpretation literal traditional feminist and egalitarian she demonstrates the need for developing a satisfactory contextual hermeneutic for interpreting passages that concern women in Myanmar today This interdisciplinary study combines cultural and linguistic awareness a critical analysis of hermeneutics and a deep commitment to Scripture as the foundation for faith and life Dr Hluan oers the church a model of believing criticism equipping believers to take responsibility for their own interpretations of Scripture and its application in their societies This is a powerful resource for translators scholars church leaders and all those seeking to faithfully apply the Bible in their contexts
