Transition To Language

Alison Wray

Transition To Language:

The Transition from Infancy to Language Lois Bloom, 1993 In this important volume Lois Bloom brings together the theoretical and empirical work she has carried out on early lexical development Its focus is on the expressive power children acquire as they begin to talk and in particular on contributions from cognitive development affect expression and the social context for making the transition from prelinguistic expression to the expression of contents of mind The first half of the book reviews the developments in infancy that enable the emergence of language and presents the theoretical perspective required for an understanding of the longitudinal study described in the second half The book s main thesis is that language is acquired for expressing contents of mind and that its usefulness as a tool is of only secondary importance The Transition from Infancy to Language makes a major contribution to our knowledge of early lexical development providing a persuasive theoretical model for researchers and students
