

# Translating Freud

Edited by Darius Gray Ornston, Jr., M.D.

# Translating Freud

**William J. McGrath, Sigmund Freud**

## **Translating Freud:**

**Translating Freud** Darius Gray Ornston, André Bourguignon, 1992 This book includes an English version of part of Traduire Freud the explanatory volume for the first comprehensive French edition of Freud's works now in progress In this landmark essay the French editors detail the issues they faced in undertaking to translate Freud the choices they made and the reasoning behind them

**Translating the Jewish Freud** Naomi Seidman, 2024-06-04 There is an academic cottage industry on the Jewish Freud aiming to detect Jewish influences on Freud his own feelings about being Jewish and suppressed traces of Jewishness in his thought This book takes a different approach turning its gaze not on Freud but rather on those who seek out his concealed Jewishness What is it that propels the scholarly aim to show Freud in a Jewish light Naomi Seidman explores attempts to touch Freud and other famous Jews through Jewish languages seeking out his Hebrew name or evidence that he knew some Yiddish Tracing a history of this drive to bring Freud into Jewish range Seidman also charts Freud's responses to and jokes about this desire More specifically she reads the reception and translation of Freud in Hebrew and Yiddish as instances of the desire to touch feel rescue and connect with the famous Professor from Vienna

Translation/Transformation Dana Birksted-Breen, 2021-03-08 Translation is at the heart of psychoanalysis from unconscious to conscious experience to verbal expression internal to enacted dream thought to dream image language to interpretation unrepresented to represented and transference of past to present The book's first part discusses the question of translation literal and metaphoric Both linguistic and cultural translations are closely tied to specific and significant personalities who were involved in the early history of psychoanalysis and thus in the development of the IJP There was a close relationship between the IJP and the visual arts via the Bloomsbury Group The link between the visual arts and the IJP is indeed to be found in its logo which is taken from a painting by Ingres The second part of the book approaches transformations between psychoanalysis and the arts from conscious unconscious and non represented elements into non verbal modes specifically visual poetic and musical it also looks at the developments and transformations in psychoanalytic ideas about artistic expression as expressed within the pages of the IJP This book will be of great interest to psychoanalysts and psychotherapists and to those interested in the history of psychoanalysis and the IJP *Cultivating Freud's Garden in France* Marion Michel Oliner, 1988 Find this and more great psychotherapy titles at our Jason Aronson website **Literary**

**Translation and Cultural Mediators in 'Peripheral' Cultures** Diana Roig-Sanz, Reine Meylaerts, 2018-07-20 This book sets the grounds for a new approach exploring cultural mediators as key figures in literary and cultural history It proposes an innovative conceptual and methodological understanding of the figure of the cultural mediator defined as a cultural actor active across linguistic cultural and geographical borders occupying strategic positions within large networks and being the carrier of cultural transfer Many studies on translation and cultural mediation privileged the major metropolis of Paris London and New York as centres of cultural production and translation However other cities and megacities that are not

global centres of culture also feature vibrant translation scenes This book abandons the focus on innovative centres and imitative peripheries and follows processes of cultural exchange as they develop Thus it analyses the role of cultural mediators as customs officers or smugglers or both in different proportions in so called peripheral cultures and offers insights into an under analysed body of actors and institutions promoting intercultural transfer in often multilingual and less studied venues such as Trieste Tel Aviv Buenos Aires Lima Lahore or Cape Town

**The Oxford Guide to Literature in English Translation** Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators

[German Philosophy in English Translation](#) Spencer Hawkins, 2023-06-16 This book traces the translation history of twentieth century German philosophy into English with significant layovers in Paris and proposes an innovative approach to long standing difficulties in its translation German philosophy s reputation for profundity is often understood to lie in German s polysemous vocabulary which is notoriously difficult to translate even into its close relative English Hawkins shows the merit in a strategy of differential translation which involves translating conceptually dense German terms with multiple different terms in the target text rather than the conventional standard of selecting one term in English for consistent translation German Philosophy in English Translation explores how debates around this strategy have polarized both the French language and English language translation landscapes Well known translators and commissioners such as Jean Beaufret Adam Phillips and Joan Stambaugh come out boldly in favor and others such as Jean Laplanche and Terry Pinkard polemically against it Drawing on Hans Blumenberg s

work on metaphor German Philosophy in English Translation questions prevalent norms around the translation of terminology that obscure the metaphoric dimension of German philosophical vocabulary This book is a crucial reference for translators and researchers interested in the German language and particularly for scholars in translation studies philosophy and intellectual history

*Freud* Louis Breger, 2000-09-26 Chronicles the life of psychoanalyst Sigmund Freud discussing how he obscured the truth about his own life to create a heroic image of himself

Papers on Psycho-analysis Ernest Jones, 1918

The American Journal of Psychology Granville Stanley Hall, Edward Bradford Titchener, Karl M. Dallenbach, Madison Bentley, Edwin Garrigues Boring, Margaret Floy Washburn, 1917

**Freud's theory of dreams. [1910]**

Ernest Jones, 1910

Freud's Discovery of Psychoanalysis William J. McGrath, Sigmund Freud, 1986

**The Louisville Monthly Journal of Medicine and Surgery**, 1914

**The Correspondence of Sigmund Freud and Sándor Ferenczi: 1914-1919** Sigmund Freud, Sándor Ferenczi, 1993 Volume 2 of a three part analysis of Ferenczi by Freud It demonstrates the characteristic inconsistencies of the two men with Freud restrained and Ferenczi more effusive and revealing It also records the use and misuse of analysis their personal lives
