The Great Museum of the Sea James P. Delgado, 2025-06-03 An immersive dive into the meaning and mystique of shipwrecks The sea is the largest museum on earth with more than a million lost ships resting in its depths Those shipwrecks date back thousands of years some from civilizations long vanished others from more recent history Some are famous others obscure and unremembered but each has a story to tell In *The Great Museum of the Sea*

archaeologist museum director television host journalist and award winning author James Delgado takes the reader on a personal tour of the world s wrecks including many of the more than a hundred lost ships he has personally discovered and investigated including Titanic USS Arizona and the slave ship Clotilda *The Great Museum of the Sea* vividly explains how and why ships experience catastrophe at sea and why their remains have captured our imagination for millennia Shipwrecks engage us in many ways we treat them as tombs but also recover them for museums and memorials and salvage them for treasure

Authoritative and informed by decades of shipwreck expeditions Delgado s account offers an insider s perspective taking the reader into the deep and behind the scenes
