Steve McQueen:

Steve McQueen Michael Munn, 2011 Biographies Autobiographies *Steve McQueen* Marshall Terrill, Peter O Whitmer, 2010-10-01 Steve McQueen takes us on a journey as his harrowing and painful childhood is laid bare through his glittering career and right up to his heroic battle with cancer and dramatic death in Mexico It chronicles the good with the ugly revealing the great power McQueen wielded It features numerous behind the scenes stories from some of his and cinema s greatest films including The Magnificent Seven The Great Escape The Sand Pebbles The Thomas Crown Affair Bullitt The Getaway and Papillon The book s triumph is the way in which the author explores McQueen in full through his larger than life exploits but as important the lesser known humanitarian side of the Hollywood legend It also captures the fundamental essence of what made McQueen cinema s King of Cool **Steve McQueen** Marc Eliot, 2011-10-15 The most detailed and revealing biography to date of a Hollywood great Steve McQueen is that rare Hollywood combination of a classic actor and a style icon in the tradition of James Dean The King of Cool as he was dubbed was at one time the highest paid film star in the world a status earned through his roles in films like The Magnificent Seven Bullitt The Thomas Crown Affair and The Great Escape But he also turned down at least as many roles in classic films including Breakfast at Tiffany s Butch Cassidy and the Sundance Kid and The French Connection This is the first biography to cover in detail every film that McQueen made and to put him into the context of the movie business showing how he had problems trying to be a Method actor where an exact contemporary like Clint Eastwood thrived at it and how Eastwood understood the studio system and made it work for him while an insecure McQueen struggled with his sense of himself both on and off screen It includes interviews with people who have never spoken about him before and draws upon diaries in the private McQueen collection

The Life of Steve McQueen Charles River Editors, 2014-03 Includes pictures Includes McQueen s quotes about his own life and career Includes a bibliography for further reading I live for myself and I answer to nobody Steve McQueen A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors American Legends series readers can get caught up to speed on the lives of America s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known In the 1960s and 1970s no actor personified cool calm and collected like Steve McQueen whose suave anti hero protagonists made men jealous and women swoon As actor Donald Logue puts it in The Tao of Steve Steve is the prototypical cool American male He s the guy on his horse the guy alone He has his own code of honor his own code of ethics his own rules of living He never ever tries to impress the women but he always gets the girl And indeed that was the case not only in movies like The Thomas Crown Affair Bullitt The Getaway and Papillon but also in real life Actress Ali MacGraw who later became one of his wives described his effect on women I remember seeing him across the swimming pool and my knees were knocking He radiated such macho energy Men wanted to be like him Uptight society ladies and biker molls wanted to be with him Unlike

many actors who become this type of heartthrob McQueen seemed to have the bona fides Growing up rough and tough in the Midwest McQueen was sent to a juvenile facility California because he didn't get along with his stepfather and after that there he became a Marine Like Jim Dean before him McQueen also loved to race and before he became an actor he was actually making a living winning races in New York As he once put it Racing is life Anything before or after is just waiting However McQueen was destined to become The King of Cool on screen and after a few quick stints in acting jobs in the early 1950s he began to look at it as an actual occupation He once noted I really don't like to act At the beginning back in '51 I had to force myself to stick with it I was real uncomfortable real uncomfortable Eventually McQueen was comfortable enough to simply act natural and thus exude the tough confidence that made him an idol That kind of performance translated well on the old TV Westerns and a few of those Tales of Wells Fargo and Trackdown catapulted McQueen to the conscience of Hollywood From there it would only take a few years and a few movie appearances for McQueen to become a huge box office draw Sadly McQueen's life and career were cut short by mesothelioma a cancer closely associated with asbestos Though there is still a debate over how McQueen contracted it it quickly spread throughout his body and no matter what he did in an attempt to beat it he couldn't McQueen died at just 50 years old when he was still near the height of his acting career
