Study Of Nietzsche:

Nietzsche's Philosophical Context Thomas H Brobjer,2010-10-01 Friedrich Nietzsche was immensely influential and counter to most expectations also very well read An essential new reference tool for those interested in his thinking Nietzsche s Philosophical Context identifies the chronology and huge range of philosophical books that engaged him Rigorously examining the scope of this reading Thomas H Brobjer consulted over two thousand volumes in Nietzsche s personal library as well as his book bills library records journals letters and publications This meticulous investigation also considers many of the annotations in his books In arguing that Nietzsche s reading often constituted the starting point for or counterpoint to much of his own thinking and writing Brobjer s study provides scholars with fresh insight into how Nietzsche worked and thought to which questions and thinkers he responded and by which of them he was influenced The result is a new and much more contextual understanding of Nietzsche s life and thinking [The Tragic Philosopher](#) Frank Alfred Lea,1957 **The Tragic Philosopher** F. A. Lea,2003-01-01 **Nietzsche's Reading and Knowledge of Philosophy** Thomas H. Brobjer,2023 Nietzsche read far more widely and more actively than he led us to believe Reading was his most important intellectual stimulus he lived a very isolated life for most of his career and particularly in the 1880s Much of what Nietzsche thought and wrote therefore came in response to his reading This book is an in depth study of Nietzsche s reading and his knowledge of philosophy and philosophers It examines his relation to the major European thinkers and Eastern traditions as well as his knowledge and reading of intellectual women and journals of philosophy Author Thomas Brobjer has gathered much previously unpublished information about Nietzsche s reading and library including a great deal about the annotations he made in his books Nietzsche s Knowledge and Reading and Philosophy will be useful as a handbook for anyone interested in the philosophical context of Nietzsche s thought It will become an important reference work for all those interested in Nietzsche s philosophy [Nietzsche's Dawn](#) Keith Ansell-Pearson,Rebecca Bamford,2020-10-06 The first focused study of Nietzsche s Dawn offering a close reading of the text by two of the leading scholars on the philosophy of Nietzsche Published in 1881 Dawn Thoughts on the Presumptions of Morality represents a significant moment in the development of Nietzsche s philosophy and his break with German philosophic thought Though groundbreaking in many ways Dawn remains the least studied of Nietzsche s work In Nietzsche s Dawn Philosophy Ethics and the Passion of Knowledge authors Keith Ansell Pearson and Rebecca Bamford present a thorough treatment of the second of Nietzsche s so called free spirit trilogy This unique book explores Nietzsche s philosophy at the time of Dawn s writing and discusses the modern relevance of themes such as fear superstition terror and moral and religious fanaticism The authors highlight Dawn s links with key areas of philosophical inquiry such as the art of living well skepticism and naturalism The book begins by introducing Dawn and discussing how to read Nietzsche his literary and philosophical influences his relation to German philosophy and his efforts to advance his free spirit philosophy Subsequent discussions address a wide range of topics

relevant to Dawn including presumptions of customary morality hatred of the self free minded thinking and embracing science and the passion of knowledge Providing a lively and imaginative engagement with Nietzsche s text this book Highlights the importance of an often neglected text from Nietzsche s middle writings Examines Nietzsche s campaign against customary morality Discusses Nietzsche s responsiveness to key Enlightenment ideas Offers insights on Nietzsche s philosophical practice and influences Contextualizes a long overlooked work by Nietzsche within the philosopher s life of writing Like no other book on the subject Nietzsche s Dawn Philosophy Ethics and the Passion of Knowledge is a must read for advanced undergraduate and graduate students instructors and scholars in philosophy as well as general readers with interest in Nietzsche particularly his middle writings

[The Portable Nietzsche](#) Friedrich Wilhelm Nietzsche,1954 A rich selection from the whole range of Nietzsche s work including Twilight of the Idols The Anti Christ Nietzsche Contra Wagner and Thus Spake Zarathustra **The Deed is Everything** Aaron Ridley,2018-06-21 Nietzsche is often held to be an extreme sceptic about human agency keen to debunk it along every dimension He dismisses the ideas of freedom autonomy and morality we are told and even the very existence of agents or selves This book sets out the opposite view Ridley argues that Nietzsche is committed to an expressivist conception of agency a conception that allows him to develop highly distinctive accounts not only of freedom autonomy and morality but also of selfhood In the course of the argument the text revisits a variety of central Nietzschean themes including self creation the sovereign individual will to power Kantian and Christian morality and amor fati often to unexpected effect The Nietzsche who emerges from this book has a clear if demanding conception of human agency and a robust commitment to the value of human excellence in all of its forms This comprehensive study of Nietzsche and the expressivist conception of agency is important reading for all Nietzsche scholars and philosophers of action but is also of more general interest to academics and students in philosophy **Nietzsche's The Anti-Christ** Paul Bishop,2021-12-08 The Anti Christ is one of the most notorious if not the most notorious books by Nietzsche and one of his most frequently misrepresented Presupposing no prior knowledge

of Nietzsche or the text nor with Christian beliefs or doctrines Paul Bishop carefully guides students through The Anti Christ section by section Bishop unpacks the difficulties that many readers face when dealing with Nietzsche s rhetoric And he contextualises the text within the wider contexts of Nietzsche s thought as a whole and the broader currents of contemporary 19th and 20th century thought Student resources include a chronology of Nietzsche s life and work a glossary of key terms an index of names and subjects and a guide to further reading

Nietzsche's Presence in Freud's Life and Thought
Ronald Lehrer,1995-01-01 This book examines the nature of Freud s relationship to the philosopher Friedrich Nietzsche Nietzsche regarded himself among other things as a psychologist His psychological explorations included an understanding of the meaning and function of dreams the unconscious sublimation of drives drives turned inward upon the self unconscious guilt unconscious envy unconscious resistance and much more that anticipated some of Freud s fundamental psychoanalytic concepts Although Freud wrote of Nietzsche having anticipated psychoanalytic concepts he denied that Nietzsche had any influence on his thought

Nietzsche's Enlightenment Paul Franco,2011-08-26 While much attention has been lavished on Friedrich Nietzsche s earlier and later works those of his so called middle period have been generally neglected perhaps because of their aphoristic style or perhaps because they are perceived to be inconsistent with the rest of his thought With Nietzsche s Enlightenment Paul Franco gives this crucial section of Nietzsche s oeuvre its due offering a thoughtful analysis of the three works that make up the philosopher s middle period Human All too Human Daybreak and The Gay Science It is Nietzsche himself who suggests that these works are connected saying that their common goal is to erect a new image and ideal of the free spirit Franco argues that in their more favorable attitude toward reason science and the Enlightenment these works mark a sharp departure from Nietzsche s earlier more romantic writings and differ in important ways from his later more prophetic writings beginning with Thus Spoke Zarathustra The Nietzsche these works reveal is radically different from the popular image of him and even from the Nietzsche depicted in much of the secondary literature they reveal a rational Nietzsche one who preaches moderation instead of passionate excess and Dionysian frenzy Franco concludes with a wide ranging examination of Nietzsche s later works tracking not only how his outlook changes from the middle period to the later but also how his commitment to reason and intellectual honesty in his middle works continues to inform his final writings

Twilight of the Idols' and Nietzsche's Late Philosophy Thomas H. Brobjer,2023-06-01 Thomas Brobjer revisits Nietzsche s Twilight of the Idols 1888 and positions it as a rich and stimulating work that contains and summarizes much of Nietzsche s late philosophy especially his unfinished magnum opus The Revaluation of All Values By examining the contents and the purpose of The Twilight of the Idols in relation to Nietzsche s Hauptwerk Brobjer shows the deep influence of the revaluation project on its construction a theme ignored by almost all previous commentators This book reveals more of what Nietzsche was reading as well as outlining influences on him at the time of writing this text providing a comprehensive commentary that explores both German and English language scholarship Detailed analyses of the moral religious and

scientific underpinnings of the text enable a new interpretation that is rooted in the project's core philosophy yielding more knowledge about The Revaluation of All Values as well as Nietzsche's last philosophical thought and position Journal of Nietzsche Studies ,2000
