Studying Elites Using Qualitative Methods Rosanna Hertz,Jonathan B. Imber,1995-08-03 The very nature of elites makes them difficult for social researchers to study This volume provides valuable insights into how researchers can successfully gain access to elite settings Using their actual experiences the contributors provide constructive advice as well as cautionary tales about how they learned to manoeuvre and become accepted in worlds otherwise closed to them Three broad research areas are covered business elites professional elites and community and political elites Useful information is given on how researchers in these areas can gather data construct interview strategies write about their subjects and come to experience the research process [Studying Elites Using Qualitative Methods](#) Rosanna Hertz,Jonathan B.

Imber,1995-08-03 Few social researchers study elites because elites by their nature are very difficult to access The contributors to this volume provide valuable insights on how researchers can successfully penetrate elite settings As the authors reflect on their experiences they provide constructive advice as well as cautionary tales about how they learned to maneuver and become accepted in a world that is often closed to them This book s coverage includes three broad research domains business elites professional elites and community and political elites Although the studies focus on qualitative methodology even researchers who emphasize more quantitative methods will benefit from this volume s thoughtful observations on how researchers gather data construct interview strategies write about their subjects and experience the research process A wide range of researchers in organizational studies sociology political science and many other fields will find this volume to be an important guide to the many subtle and elusive features of conducting successful research with these groups **Researching Power, Elites and Leadership** Christopher Williams,2012-05-18 This exciting new text consolidates the hows and whys of researching powerful people Written by a leading authority in the field this book introduces the reader to a significant area of methodology and provides a research based contribution to elite and leadership studies It offers a truly international perspective that will appeal to those studying and engaging with powerful people in a variety of contexts Useful features include A variety of case studies and examples linked to over 1000 sources and resources Extensive use of figures throughout the text to illustrate key points Templates and models for planning and presentations The book promotes a practical future oriented approach to support and inspire academic professional and civil society researchers at all levels It introduces new research frameworks and facilitates critical techniques through Critical Process Analysis This is a must have resource and an excellent new addition to the field of elite and leadership studies **Global**

Elites A. Kakabadse,2011-12-12 Exploring the nature configuration and influence of global elites this book examines the impact of elites on transnational policy development and strategically on corporations as board members of PLCs and international joint ventures Overall the book provides a balanced view of how our present day elites operate **Handbook of Interview Research** Jaber F. Gubrium,James A. Holstein,2002 The Handbook of Interview Research is the most ambitious

attempt yet at examining the place of the interview in contemporary society Interviewing is the predominant mode of research in the social sciences It s also the stock in trade of information seekers in organizations and institutions of all kinds as well as in the mass media Across the board interviews provide today s leading window on the world of experience The Handbook offers a comprehensive examination of the interview at the cutting edge of information technology Drawing upon leading experts from a wide range of professional disciplines this book addresses conceptual and technical challenges that confront both academic researchers and interviewers with more applied goals From interview theory to the nuts and bolts of the interview process the coverage is impressively broad and authoritative The Handbook of Interview Research is both encyclopedic and thematic As an encyclopedia it provides extensive discussions of the methodological issues now surrounding interview practice offering a multi faceted assessment of what has become the method of choice for obtaining personal information in today s society But the Handbook also is a story which spins a particular tale of interviewing one that moves from the commonly recognized individual interview to what is called the interview society The gist of the presentation is that we can no longer regard the interview as simply an instrument for gathering data but must now also view it an integral part of society

Selecting Research Methods: Methods to sample, recruit, and assign cases W. Paul Vogt,2008

Selecting Research Methods provides advice from prominent social scientists concerning the most crucial steps for planning and undertaking meaningful research selecting the methods to be used Contributors to the collection address methodological choices in four stages design sampling coding and measurement and analysis The volumes provide an integrated approach to methodological choice in two ways First the contributions range from the early decisions about design options through the concluding choices about analyzing interpreting and presenting results Second the collection is integrated because it addresses the needs of projects that collect qualitative evidence quantitative data or both Volume 1 concerns design choice the articles focus on selecting designs that are effective for answering research questions and achieving the goals of the researcher Volume 2 is on sampling and includes in addition to sampling from populations advice on choosing methods for recruiting informants for interviews selecting sites for participant observation and assigning subjects to control and experimental groups Volume 3 reviews options for coding and measurement it emphasizes methodological choices that enable researchers to study concepts in ways that enhance the reliability and validity of the research Finally the articles included in Volume 4 review the range of choices available among methods to analyze results and interpret the meanings of evidence

Researching Amongst Elites Luis L. M. Aguiar, Christopher J. Schneider, 2012 Presenting the latest empirical case studies from Canada the USA and Australia this volume explores the challenges and difficulties involved in conducting research amongst the rich and elite whilst shedding light on the manner in which power is harnessed protected and controlled to manage and manipulate resources A demonstration of the importance of studying up to our understanding of decision making governance and the nature of contemporary democracy in the global economy Researching Amongst Elites will be of interest to sociologists anthropologists and geographers working in areas such as social research methods social stratification the sociology of elites and relations of class wealth and power

Race and Ethnicity in Research Methods John H. Stanfield (II.), 1993-05-05 Studying across race and ethnic lines creates many problems for the researcher These problems involve practical strategic ethical and epistemological questions alike The contributors to Race and Ethnicity in Research Methods most of them scholars of color examine the array of methods used in quantitative qualitative and comparative historical research to show how ethnic sensitive research can best be carried out Among the methodological traditions discussed are survey research demography testing and assessment ethnography discourse analysis comparative methods and archival research Of interest not only to the researcher and instructor of race and ethnic studies this volume should be of equal value to social scientists interested in teaching or practicing any form of research that needs to properly address issues of race and ethnicity This comprehensive guide will be an invaluable resource for anyone who teaches and or is engaged in research in the field of race and ethnicity

Behavioural Psychotherapy I highly recommend this volume for those researchers who are genuinely interested in producing better and more creative solutions to some of the issues and problems involving racial and ethnic minority groups Journal of Marketing Research In Race and Ethnicity in Research Methods John H Stanfield II and Rutledge M Dennis call for serious and rigorous treatment of the subject which sheds the journalistic style narrow focus and cultural bias of much of past research They bring together 13 articles that reveal the rich diversity of methods available for researching ethnic groups and

ethnic relations There is a healthy dose of multidisciplinary The book is essential for U S race and ethnic researchers who seek to avoid the narrowness and pitfalls of much past research I would recommend this book for research seminars on race and ethnic relations specifically and for general methodology courses which seek to present the diversity of approaches to sociological issues Contemporary Sociology This book contains essays that will stimulate much discussion among scholars while providing practical ethical and strategic methodological considerations for conducting research across racial and ethnic lines Nursing Research **Environment & Planning** ,1998 **Michigan Real Estate Developer Perspectives on Development, Sustainability, and Nature** Karen E. Studying Elites Using Qualitative Methods Introduction

In the digital age, access to information has become easier than ever before. The ability to download Studying Elites Using Qualitative Methods has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Studying Elites Using Qualitative Methods has opened up a world of possibilities. Downloading Studying Elites Using Qualitative Methods provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Studying Elites Using Qualitative Methods has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Studying Elites Using Qualitative Methods. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Studying Elites Using Qualitative Methods. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Studying Elites Using Qualitative Methods, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Studying Elites Using Qualitative Methods has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
