The Discovery of Cerebellar-vestibular Syndromes and Therapies Harold N. Levinson, 2000 **The Common Neuroses, Their Treatment by Psychotherapy** Thomas Arthur Ross, 1923 **The Analysis of Mind - The Original Classic Edition** Bertrand Russell, 2011-12 Formally this book doesn t contain groundbreaking insights or better it doesn t say anything that isn t already under your eyes Its biggest accomplishment however is in the very act of showing how sometimes we don t see what s under our eyes for a sort of mental laziness Russell forces us to move away from this laziness and reconsider what we take for granted about ourselves and does so with his enjoyable style He seems to possess the rare skill of finding the minimum amount of words and concepts needed to explain and solve the problem clearly and accurately He will never forget to define precisely all the terms needed in the discussion or to question the limits of the premises in order to understand the scope of the conclusion In each chapter he considers a facet of what we call mind and explores it both from the point of introspection and of external analysis of observable behavior Introspection gives use informations impossible to obtain with other methods and it is what gives

meaning to the problem of mind in the first place but it has the intrinsic problem of an instrument trying to measure itself So Russell keeps on correcting this view from the inside and the delusions it can create with the stick of behaviourism and objective observation On a less technical side I highly appreciate the intellectual honesty of someone who can freely use the words contrary to what I once stated I suggest this book to everyone interested in the subject anyone should be *The Contemporary Review* ,1881 *A System of Psychology* Daniel Greenleaf Thompson,1884 *Journal of Philosophy, Psychology and Scientific Methods* ,1922 **An Anthology of Recent Philosophy** Daniel Sommer Robinson,1929 **Mind** ,1891 A quarterly review of philosophy *Heads and Faces, and how to Study Them* Nelson Sizer, Henry Shipman Drayton,1885 *The New Republic* Herbert David Croly,1921
