Magic Monastery Idries Shah, 2017-04-09 Many of Idries Shah's books are comprised of tales and teaching stories taken from both written and oral sources which illustrate the instructional methods employed by Eastern wise men for thousands of years. The Magic Monastery differs from its predecessors in that it contains not only traditional tales mostly unpublished but also stories specially written by Shah to complete the book as a course in non-linear thinking. As with all of his works, The Magic Monastery is rich in thought-provoking material and can be read and enjoyed at many levels. *The magic monastery* Idries Shah, 1974

This unique collection of stories introduces readers to Ukraine's long and fascinating history, its rich folk literature, and its deep cultural roots.
