[Planks of Reason](#) Barry Keith Grant, Christopher Sharrett,2004-09-24 The original edition of Planks of Reason was the

first academic critical anthology on horror In retrospect it appeared as a kind of homage to the golden age of the American horror film as this genre played an increasing role in film culture and American life The original material represented the history of the genre through the early 1980s and is a crucial part of the book s value then and now The first edition helped legitimize academic writing on the horror genre by addressing breakthrough works of such directors as John Carpenter Tobe Hooper George Romero David Cronenberg and Wes Craven This revised edition retains the spirit of the original but also offers new takes on rediscovered classics and recent developments in the genre In addition to reprinting 17 essays including Robin Wood s An Introduction to the American Horror Film this revised edition features a new essay on the yuppie horror film by editor Barry Keith Grant as well as an updated analysis of The Texas Chainsaw Massacre by co editor Christopher Sharrett Other new essays focus on William Castle s The Tingler and Roger Corman s Pit and the Pendulum and the recent wave of Japanese horror films Contains more than 60 photos The Mummy's Ghost - Scripts from the Crypt Collection No. 15 Gregory W.
