## **The Sleep Of Reason:**

**Doctor Who The Sleep Of Reason** Martin Day,2012-03-31 Caroline Laska Darnell is a perfectly normal 19 year old worried about boyfriends acne and exams passionate about dance music and piercings But one day a terrible suicide attempt sees her admitted to the Retreat a groundbreaking medical centre in the woods To her horror she recognises the Retreat from her nightmares about an old building haunted by ghostly dogs and she realises that something is very wrong with the institute She digs deeper and realises that her family are intimately connected with the history of the Retreat Before he died Laskas father left her a dog tooth pendant and mysterious diaries and documents Through these Laska discovers that the Retreat was once an asylum that almost burnt to the ground in 1902 Her research brings her to the attention of medical officer Dr Smith and his friends Fitz and Trix Smith is utterly fascinated by Laskas waking dreams and prophetic nightmares but if Laska is cant trust her own perceptions can she trust Dr Smith [The Sleep of Reason](#) ,1992 [The Sleep of Others and the Transformations of Sleep Research](#) Kenton Kroker,2007-01-01 We tend to think of sleep as a private concern a night time retreat from the physical world into the realm of the subconscious Yet sleep also has a public side it has been the focal point of religious ritual philosophic speculation political debate psychological research and more recently neuroscientific investigation and medical practice In this first ever history of sleep research Kenton Kroker draws on a wide range of material to present the story of how an investigative field at one time dominated by the study of dreams slowly morphed into a laboratory based discipline The result of this transformation Kroker argues has changed the very meaning of sleep from its earlier conception to an issue for public health and biomedical intervention Examining a vast historical period of 2500 years Kroker separates the problems associated with the history of dreaming from those associated with sleep itself and charts sleep related diseases such as narcolepsy insomnia and sleep apnea He describes the discovery of rapid eye movement REM during the 1950s and shows how this discovery initiated the creation of dream laboratories that later emerged as centres for sleep research during the 1960s and 1970s Kroker s work is unique in subject and scope and will be enormously useful for both sleep researchers medical historians and anybody who s ever lost a night s sleep ['The Sleep Of Reason Produces Monsters' in Goya's 'Los Caprichos'](#) Sandra Kuberski,2015-01-13 Essay from the year 2011 in the subject Art History of Art grade 1 7 University of Essex Art History course Art Sex Death in the 18th Century language English abstract The Spanish painter and graphic artist Francisco Jose de Goya 1746 1828 is undeniably one of the most important artists at the turn of 18th to 19th century His works set new standards for the whole succeeding European art world and still fascinate the art audience today In his time at the Spanish court from 1786 Goya produced various portraits of noble commissioners However in his series of aquatint etchings the so called Los Caprichos caprices he shows archetypes which can be related to the whole society But those figures as well as the depicted situations are only normal on the first sight With his satiric motives Goya scratches the surface of man and shows his hidden vices The focus of this essay is on the most important of the Caprichos
