Cone and Black Liberation Theology** Burrow, 2001-01-01 Since Cone's *Black Theology and Black Power* was first published in 1969 he has been recognized as one of the most creative contemporary black theologians. Roundly criticized by white theologians the book and Cone's subsequent writings nevertheless gave voice and viability to the developing black theological movement of the late 1960s. Despite his influence on the African American religious community scholars have written very little about his works in part because of the sharp rhetoric and polemics of his first two books. Discussed here are some of his major writings from his first essay *Christianity and Black Power* 1968 through the major work *Martin Malcolm America* 1991. The systematic development of his themes social and economic analysis black sexism relations between black feminist and so called third world theologies etc is fully explained. **Prayer Journal, Autumn Gem** Designs, 2019-04-15 Looking to build a closer relationship with God This beautiful personalized prayer journal features 200 pages to document your walk with Christ for a 3 month period.
