summary and dramatis personae list of social issues present in the plays verbal and dramaturgical features songs and music allusions and place names stage directions and comments on staging and modern productions among other valuable and informative details There are full bibliographies indexes of characters and songs and appendices

The Medieval Theatre
Glynne William Gladstone Wickham, 1987-07-09 This is a thoroughly revised edition of Glynne Wickham's important history of the development of dramatic art in Christian Europe Professor Wickham surveys the foundations on which this dramatic art was built the architecture costumes and ceremonial of the imperial court at Byzantium the liturgies of countries in the Eastern and Western Empires and the triumph of the Roman rite and the Romanesque style in Western art Within this context Professor Wickham describes three major influences upon the drama religion recreation and commerce The first produced the liturgical music drama rooted in praise of Christ the King vernacular Corpus Christi drama Saint Plays and Moralities centred on the humanity of Christ The second gave rise to the secular theatres of social recreation based on the games and dances of village communities and the more sophisticated sex and war games of the nobility The section on commerce shows how the development of the drama was intimately related to questions of funding and management which led during the sixteenth century to the substitution of a professional for an amateur theatre and to a growing emphasis on stage spectacle For this third edition the author has added a substantial section on monastic reform and its effect on Biblical translation and the use of allegory a final chapter charts the transition in different European countries from this medieval Gothic theatre to the neoclassical methods of play construction and representation which flourished for the next two hundred years The book gorges a coherent pattern through a very large and complicated subject It is an excellent introduction to medieval theatre for undergraduates and to the growing number of theatregoers who enjoy contemporary revivals of medieval plays A large plate section gives a pictorial version of the story using photographs of contemporary manuscript illuminations mosaics frescoes paintings and sculptures

Saints and the Audience in Middle English Biblical Drama
Chester Norman Scoville, 2004-01-01 Saints and heroes were often central characters in Middle English biblical plays although scholarship has tended to focus more on the villainous than the virtuous In this study Chester Scoville examines how medieval playwrights portrayed saints and how they used them to convey feelings of social virtue devotion compassion and community in the audience Although looking also at performance practices costume gesture and scenery the main emphasis is on language and rhetoric in biblical drama and the position of saints lying between the earthly and ultimate community Four role models are held up for close examination Thomas the Doubter Mary Magdalene Joseph and Paul

To Chester and Beyond: Meaning, Text and Context in Early English Drama David Mills, 2023-03-31 This volume brings together a selection of the major articles of David Mills 1938-2013 which along with similar volumes by Alexandra F Johnston Peter Meredith and Meg Twycross makes up a set of Shifting Paradigms in Early English Drama Studies Mills was one of these four key scholars whose work has changed what is known about English medieval drama and theatre He made major

contributions to understanding English medieval theatre in the widest sense but more specifically to the nature and development of medieval plays and their performance at Chester The scope of his work from manuscript to performance has created new knowledge and insights brought about by his remarkable technical skill as an editor and researcher His texts of the Chester Cycle of Mystery Plays have become the standard works In the light of this outstanding research the volume is comprised of four sections 1 Editors and Editing 2 Cultural Contexts 3 Staging and Performance 4 Criticism and Evaluation An editorial introduction opens the work Rewriting Narratives in Egyptian Theatre Sirkku Aaltonen, Areeg Ibrahim, 2016-03-31 This study of Egyptian theatre and its narrative construction explores the ways representations of Egypt are created of and within theatrical means from the 19th century to the present day Essays address the narratives that structure theatrical textual and performative representations and the ways the rewriting process has varied in different contexts and at different times Drawing on concepts from Theatre and Performance Studies Translation Studies Cultural Studies Postcolonial Studies and Diaspora Studies scholars and practitioners from Egypt and the West enter into dialogue with one another expanding understanding of the different fields The articles focus on the ways theatre texts and performances change are rewritten when crossing borders between different worlds The concept of rewriting is seen to include translation transformation and reconstruction and the different borders may be cultural and national between languages and dramaturgies or borders that are present in people's everyday lives Essays consider how rewritings and performances cross borders from one culture nation country and language to another They also study the process of rewriting the resulting representations of foreign plays on stage and representations of the Egyptian revolution on stage and in Tahrir Square This assessment of the relationship between theatre practices exchanges and rewritings in Egyptian theatre brings vital coverage to an undervisited area and will be of interest to developments in theatre translation and beyond
