Through Alien Eyes Karsten Hamre, 2014-12-20 The photos in this volume was shot in various locations across Europe and the audio part associated with this publication is sort of an audio documentation of the impressions I've had in these places and the music is inspired by what you can hear around you though not meant as an exact documentation of what I heard at certain times but merely as a source of inspiration My aim has never been to photograph the most known sites in the places I have been to as I have always been more interested in wandering about and photographing things I happen to stumble upon things that may be hidden to some as they are not seen instantly This is also why I chose the title *Through Alien Eyes* as I have been the alien in these places I have been the explorer and this is your chance to participate in the journey I have taken so far
