### Three Othellos:

**Othello** Susan Snyder, 2015-04-10 Originally published in 1988 Selections here are organised chronologically looking at both theatrical commentary and literary criticism The organisation brings out the shifts in emphasis as each generation reinvents Shakespeare and Othello by the questions asked those not asked and the answers given Chapters cover the theme of heroic action Iago's motivation guilt and jealousy and obsession Some entries from the world of theatre delve into the portrayal of the Moor Desdemona and Iago from the 1940s on Authors include A C Bradley William Hazlitt Ellen Terry Konstantin Stanislavsky Helen Gardner and Edward A Snow The Three Othellos Daniel Amneus, 1986 Othello Lois Potter, 2002-09-07 Lois Potter traces Othello's acting tradition as it affected the playing of Othello Desdemona characters originally played by a white actor and a boy respectively and Iago She examines the stage and screen versions of the play including a full study of Paul Robeson's 1943 avatar of the character that reflect or challenge current views about race and gender *Othello* William Shakespeare, 1886 **THE OXFORD SHAKESPEARE: Othello** William Shakespeare, 2008-04-17 This is the first scholarly edition of Othello to give full attention to the play's bold treatment of racial themes Designed to meet the needs of theatre professionals the edition includes an extensive performance history a commentary illuminating the complexities of Shakespeare's language and appendices on music in the play and a full translation of the Italian novella from which the story derives Revising Shakespeare Grace Ioppolo, 1991 In Revising Shakespeare Grace Ioppolo addresses the question of Shakespeare's integrity Through analysis of variant texts spanning the history of the plays she arrives at an interpretation of Shakespeare as author and reviser Ioppolo starts with the physical text As textual studies of King Lear have shown the text of Shakespeare is not as given The text is nearly always a revision of another text Critics can no longer evaluate plots structure and themes nor can scholars debate what constitutes or how to establish a copy text that stands as the most authoritative version of a Shakespeare play without reconsidering the implications of revision for traditional and modern interpretations **The Dial** Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, 1896 **Shakespeare and Indian Cinemas** Poonam Trivedi, Paromita Chakravarti, 2018-08-06 This book is the first to explore the rich archive of Shakespeare in Indian cinemas including less familiar Indian language cinemas to contribute to the assessment of the expanding repertoire of Shakespeare films worldwide Essays cover mainstream and regional Indian cinemas such as the better known Tamil and Kannada as well as the less familiar regions of the North Eastern states The volume visits diverse filmic genres starting from the earliest silent cinema to diasporic films made for global audiences television films independent films and documentaries thus expanding the very notion of Indian cinema while also looking at the different modalities of deploying Shakespeare specific to these genres Shakespeareans and film scholars provide an alternative history of the development of Indian cinemas through its negotiations with Shakespeare focusing on the inter textualities between Shakespearean theatre regional cinema performative traditions and literary

histories in India The purpose is not to catalog examples of Shakespearean influence but to analyze the interplay of the aesthetic historical socio political and theoretical contexts in which Indian language films have turned to Shakespeare and to what purpose The discussion extends from the content of the plays to the modes of their cinematic and intermedial translations It thus tracks the intra Indian flows and cross currents between the various film industries and intervenes in the politics of multiculturalism and inter intraculturalism built up around Shakespearean appropriations Contributing to current studies in global Shakespeare this book marks a discursive shift in the way Shakespeare on screen is predominantly theorized as well as how Indian cinema particularly Shakespeare in Indian cinema is understood
