The English Sentencing System:

The English Sentencing System Rupert Cross, 1975 Based on lectures given in the University of Oxford *Handbook on Sentencing Policies and Practices in the 21st Century* Cassia Spohn, Pauline Brennan, 2019-06-14 Sentencing Policies and Practices in the 21st Century focuses on the evolution and consequences of sentencing policies and practices with sentencing broadly defined to include plea bargaining judicial and juror decision making and alternatives to incarceration including participation in problem solving courts This collection of essays and reports of original research explores how sentencing policies and practices both in the United States and internationally have evolved explores important issues raised by guideline and non guideline sentencing and provides an overview of recent research on plea bargaining in the United States Australia and the United Kingdom Other topics include the role of criminal history in sentencing the past and future of capital punishment strategies for reducing mass incarceration problem solving courts and restorative justice practices Each chapter summarizes what is known identifies the gaps in the research and discusses the theoretical empirical and policy implications of the research findings The volume is grounded in current knowledge about the specific topics but also presents new material that reflects the thinking of the leading minds in the field and that outlines a research agenda for the future This is Volume 4 of the American Society of Criminology's Division on Corrections and Sentencing handbook series Previous volumes focused on risk assessment disparities in punishment and the consequences of punishment decisions The handbooks provide a comprehensive overview of these topics for scholars students practitioners and policymakers

Sentencing Guidelines and Commissions Julian V. Roberts, Arie Freiberg, Rhys Hester, 2025-07-30 In Sentencing Guidelines and Commissions Julian V Roberts Arie Freiberg and Rhys Hester synthesize existing literature on commissions and guidelines identify key issues and problems and clarify the future of commissions and guidelines since the creation of the first commissions in 1980 Drawing upon almost fifty years of additional developments and accumulated research on guidelines commissions and councils the authors explore the benefits of sentencing councils and commissions and sentencing guidelines Further the authors look back to the cumulative experience since the first guidelines were created and propose model regimes for legislatures to consider based on the American English and Australian approaches

Sentencing Guidelines Andrew Ashworth, Julian V. Roberts, 2013-07-18 How do sentencing guidelines affect judicial practice Can public opinion influence the development of these guidelines and what role does the victim have How do barristers use the guidelines in practice These questions and more are addressed in this volume examining the English sentencing guidelines and how they function

Sentencing, Public Opinion, and Criminal Justice, 2025-01-16 This volume celebrates the achievements of Julian V Roberts KC Hon Emeritus Professor of Criminology at the University of Oxford over forty years of scholarship To mark his extraordinary influence on sentencing and criminal justice on the global stage the contributors a mix of international scholars and members of the judiciary present a collection of themed essays in his honour Roberts is a leading academic authority on

sentencing theory policy and practice in common law jurisdictions and his work has made a landmark contribution to the analysis and development of sentencing worldwide His work is innovative and inspired known for identifying core challenges and defining research needs before they become central to criminal justice agendas A distinguished group of authors engage in an interdisciplinary appreciation of Roberts work in three distinct domains fundamentals of sentencing and penal theory sentencing policy and penal practice and public opinion and criminal justice Drawn from seven jurisdictions the authors offer fresh insight into Roberts past accomplishments as well as the future of the field that he continues to shape Together they demonstrate a collective commitment to advancing Roberts lifelong project of normative comparative and empirical engagement with questions of crime and justice

Punishment and Politics Michael Tonry, 2012-12-06 Labour has embarked upon a root and branch remaking of the criminal justice system in England and Wales with a mass of new legislation implemented or planned It has ensured a continuously high profile for criminal justice issues and they have been at the centre of wider political discourse Yet the basis and evidence on which these reforms are being introduced is both uncertain and highly controversial Despite spending tens of millions of pounds of research into the criminal justice system in the name of evidence based policy evidence has counted only in relation to low level technocratic issues On the big issues the clear weight of evidence points in opposite directions to those which the government has taken The primary drivers of recent policies have rather been the emulation of recent USA policies at a time when these are now being abandoned in the USA because they have been shown to be ineffective and a media driven agenda with a focus on conspicuous crime prevention which have had the effect of heightening rather than assuaging public fears and concerns This provocative yet authoritative book seeks to expose and to unravel what has really driven the making of criminal justice policy in the UK It will be essential reading for anybody interested in knowing what is going on in criminal justice and why it is so central to political debate more generally

The Oxford Handbook of Criminology Alison Liebling, Shadd Maruna, Lesley McAra, 2017 Beginning with the history of criminology this updated and revised edition deals with topics as diverse as policing substance abuse juvenile crime statistics prisons victims and organised crime in Britain

Sentencing Guidelines Andrew Ashworth, Julian V. Roberts, 2013-07-18 The politics of criminal sentencing has recently crystallised around the issue of whether and how a system of structured sentencing should inform judicial approaches to punishing criminals Increasingly structured sentencing guidelines are being introduced to frame judicial discretion This volume is the first to examine the experience in England and Wales in the light of international developments This collection of essays begins with a clear and concise history of the guidelines as well as a description of how they function Topics addressed include the effect of guidelines on judicial practice the role of public opinion in developing sentencing guidelines the role of the crime victim in sentencing guidelines and the use of guidelines by practicing barristers In addition the international dimension offers a comparative perspective the English guidelines are explored by leading academics from the United States and New Zealand Although there is a vast

literature on sentencing guidelines across the United States the English guidelines have attracted almost no attention from scholars As other jurisdictions look to introduce more structure to sentencing the English scheme offers a real alternative to current US schemes Contributors include practicing lawyers legal and socio legal academics and also scholars from several other countries including New Zealand and the United States providing a multidisciplinary and cross jurisdictional approach to sentencing This book will be of interest to academics from law sociology and criminology legal practitioners and indeed anyone else with an interest in sentencing around the world

The Penal System Michael Cavadino, James Dignan, 2002-03-29 Praise for the First Edition The authors appear to do an excellent job of describing the criminal justice system of England and how the penal system fits into and is affected by it *Journal of Contemporary Criminal Justice* The Third Edition of this highly successful textbook provides an accessible introduction to the penal system of England and Wales Now fully revised and updated it includes an examination of the direction of penal policy under New Labour
