Cristina Sanz, Alfonso Morales-Front

Study Abroad:

The Routledge Handbook of Study Abroad Research and Practice Cristina Sanz, Alfonso Morales-Front, 2018-06-22 The Routledge Handbook of Study Abroad Research and Practice is an authoritative overview of study abroad and immersive context research specifically situated within applied linguistics and Second Language Acquisition SLA for graduate students and researchers in these fields Featuring contributions from established scholars from around the world this volume provides in depth coverage of the theoretical approaches and methodologies used in study abroad and applied linguistics research and examines their practical implications on program implementation The Handbook is organized around core areas of research and practice language development and personal growth study abroad settings individual differences of learners and applications concerning the preparation of students teachers and administrators for study abroad the role of study abroad in foreign language curricula and future directions This handbook is the ideal resource for graduate students researchers and administrators interested in learning more about linguistic and personal development during study abroad

Transforming Study Abroad Neriko Musha Doerr, 2018-12-17 Written for study abroad practitioners this book introduces theoretical understandings of key study abroad terms including the global national culture native speaker immersion and host society Building theories on these notions with perspectives from cultural anthropology political science educational studies linguistics and narrative studies it suggests ways to incorporate them in study abroad practices Through attention to daily activities via the concept of immersion it reframes study abroad not as an encounter with cultural others but as an occasion to analyze constructions of differences in daily life backgrounded by structural arrangements **A Guide to Faculty-Led Study Abroad** Lydia M. Andrade, Scott Dittloff, Lopita Nath, 2019-03-14 A Guide to Faculty Led Study Abroad provides practical information on the curricular and administrative considerations necessary to design and implement a course based study abroad experience of the highest quality From techniques for funding the trip to legal considerations curricular development and cultural preparation this book explains how to create a meaningful and valuable international experience in a variety of settings and formats The study abroad novice and experienced faculty or administrator alike will benefit from this step by step guide on how to create a truly transformative course based study abroad experience **From Study Abroad to Education Abroad** Senta Goertler, Theresa Schenker, 2021-02-28 Comprehensive and evidence based this book presents the best practices for designing and sustaining study abroad programs to maximize the outcomes and benefits of education abroad for all students Distilling the history research and variations of study abroad programs Goertler and Schenker provide a clear eyed analysis of the lessons learned and the common obstacles associated with education abroad Organized in three parts the state of education abroad in the US research on education abroad outcomes and best practices Goertler and Schenker demonstrate the benefits of long term study abroad for the development of advanced language skills and intercultural competence and the need for diversity in participation Chapters offer theory based practice proven

recommendations to invigorate innovate and implement successful study abroad programs that are sustainable and ethically engage with the local community The authors discuss design features to maximize language proficiency and intercultural competence Grounded in up to date research and theory the book responds to the challenges associated with long term education abroad programs and provides recommendations on re invigorating long term programs and diversifying participation in education abroad From Study Abroad to Education Abroad is vital reading for academics researchers and students in the fields of language education and education policy as well as practitioners such as language program coordinators and education abroad administrators *Education Abroad* Anthony C. Ogden, Bernhard Streitwieser, Christof Van Mol, 2020-06-02 Recent decades have seen unprecedented growth in the number of students travelling abroad for the purpose of short term academic study As such attention is turning to the role that education abroad can have in enhancing student learning and producing global ready graduates This volume provides a succinct and accessible analysis of the existing research and scholarship around the world on a range of important areas related to contemporary education abroad providing practitioners with important implications for programming and practice Focusing on fourteen key topics relating to education abroad this accessible desktop compendium not only synthesizes what is already known but also indicates which topics need further research and how the existing literature can be applied to daily programming and practice Extending beyond student learning outcomes to look at essential topics such as institutional outcomes program models and host community outcomes this volume covers major trends in contemporary research as well as an assessment of the methodological and design challenges that are common to education abroad research The fourteen distinct topics address the broad themes of participation programming student outcomes institutional outcomes and societal outcomes and include chapters from a broad range of widely acknowledged and respected international experts Bridging the gap between scholarship and practice this accessible guide is essential reading for anyone working in higher education today and involved in shaping and managing education abroad programs It is useful for all who want to understand and leverage existing research to inform education abroad programming and practice [The First Time Effect](#) Joshua S. McKeown, 2009-01-15 A fresh look at study abroad programs on American college and university campuses *Integrating Study Abroad Into the Curriculum* Elizabeth Brewer, Kiran Cunningham, 2023-07-03 With the increased interest in study abroad from government educators employers and students the question is is study abroad engendering the desired intercultural competencies and intellectual development To achieve this goal this book proposes two strategies structure study abroad to bridge the separation of academic learning from experiential and intercultural learning and integrate study abroad with the undergraduate curriculum In proposing this integration the editors take into account the need for institutional change and recognize faculty members concerns about maintaining the integrity of the curriculum teaching in areas outside their expertise and keeping up with ever evolving institutional missions This book opens with two chapters presenting different

theoretical perspectives relevant to the integration of study abroad into the curriculum The following nine chapters provide examples from a variety of disciplines from anthropology and religious studies to literature urban studies biology and public health and within such contexts as distance learning service learning and the senior thesis The concluding chapter considers faculty development activities and institutional structures and policies that support curriculum integration While the examples are drawn from Beloit College and Kalamazoo College liberal arts colleges with substantial study abroad enrollments and nationally recognized for their innovative practices readers will recognize they are easily adaptable to their own institutions The two colleges achieved their curricular innovations with limited financial resources and in the context that most of their students are dependent on financial aid The transformational ideas and practices described here provide material for reflection and campus conversations for anyone concerned with developing global citizens and well educated students and offer a blueprint for implementation

Study Abroad Jerry S. Carlson, Barbara B. Burn, David

Yachimowicz, 1990-08-27 While it is assumed that American undergraduates who study abroad derive unique benefits from the experience until now its actual impact has not been assessed This book which presents the findings of a long term evaluation project provides the kind of systematic and comprehensive data needed to document and give future guidance to programs of study abroad Using comparative measures the authors examine the effects of overseas study in terms of education career personal satisfaction and cultural values Undergraduates in four U S college and university programs involving nearly thirty European institutions were chosen for the study The focus of the research is the role of study abroad in students acquisition of foreign language proficiency knowledge of and concern for foreign cultures and international issues attitudes toward their home country and its values and career objectives and accomplishments Student profiles indicate consistent patterns in motivation achievement and satisfaction that relate to the experience abroad In their conclusion the authors look at the implications of their findings in the context of our times and society and offer suggestions for some new directions for study abroad in the coming years This analysis will be relevant for educational decision makers funding organizations government and the research community

Guide to Studying Abroad William W. Cressey, 2004

But don't leave home without researching all of your options so that you can make the most of your time away **Study Abroad** Brigid Ballard, John Clanchy, 1984 *Study Abroad in a New Global Century* Susan B. Twombly, Mark H.

Salisbury, Shannon D. Tumanut, Paul Klute, 2012-10-25 Studying abroad has become a key educational means for preparing graduates with the intercultural competencies needed to succeed in our global economy The federal government business community and higher education sector are united in their belief that study abroad is critical to such success This monograph seeks to address two fundamental questions Who studies abroad or who does not and why What are the outcomes of study abroad Increasing and broadening study abroad participation have proven particularly challenging and the authors look to the research for how it might be improved Although research suggests positive outcomes of study abroad existing studies leave educators with some challenging questions Based on their review the authors pose recommendations for ways in which study abroad in the twenty first century can renew its purposes and fulfill its promise **Student Learning Abroad**

Michael Vande Berg, R. Michael Paige, Kris Hemming Lou, 2023-07-03 A central purpose of this book is to question the claims commonly made about the educational benefits of study abroad Traditional metrics of enrollment increases and student self report and practices of structural immersion are being questioned as educators voice growing uncertainty about what students are or are not in fact learning abroad This book looks into whether these criticisms are justified and what can be done if they are The contributors to this book offer a counter narrative to common views that learning takes place simply through students studying elsewhere or through their enrolling in programs that take steps structurally to immerse them in the experience abroad Student Learning Abroad reviews the dominant paradigms of study abroad marshals rigorous research findings with emphasis on recent studies that offer convincing evidence about what undergraduates are or are not learning brings to bear the latest knowledge about human learning and development that raises questions about the very foundations of current theory and practice and presents six examples of study abroad courses or programs whose interventions apply this knowledge This book provokes readers to reconsider long held assumptions beliefs and practices about teaching and learning in study abroad and to reexamine the design and delivery of their programs In doing so it provides a new foundation for responding to the question that may faculty and staff are now asking What do I need to know and what do I need to be able to do to help my students learn and develop more effectively abroad Contributors Laura Bathurst Milton Bennett Gabriele Weber Bosley John Engle Lilli Engle Tara Harvey Mitchell Hammer David Kolb Bruce La Brack Kris Hemming Lou Kate McCleary Catherine Menyhart R Michael Paige Angela Passarelli Adriana Medina Lopez Portillo Meghan Quinn Jennifer Meta Robinson Riikka Salonen Victor Savicki Douglas Stuart Michael Vande Berg James Zull While the authors who have contributed to Student Learning Abroad are all known for their work in advancing the field of education abroad a number have recently been honored by leading international education associations Bruce La Brack received NAFSA's 2012 Teaching Learning and Scholarship Award for Innovative Research and Scholarship Michael Paige 2007 and Michael Vande Berg 2012 are recipients

of the Forum on Education Abroad's Peter A. Wollitzer Award **Global Classroom** Jeffrey S. Lantis, Jessica DuPlaga, 2015-11-17 Travel abroad has become a standard feature of global citizenship and many seek help in making sure their travel experiences are fulfilling. University-based tours and travel programs are among the most popular for the educated sojourner. This book is aimed at students, professors, and study abroad professionals, but anyone who wants help in preparing for informed and culturally sensitive travel will benefit from its extensive resources. Both a primer for a holistic experience abroad and a practical guide to issues that arise in any travel setting, *The Global Classroom* is an essential travel companion. It explores the philosophy behind overseas travel, the potential value of the experience, practical preparation for study abroad, selecting the right program, actively engaging in foreign educational settings, reorientation challenges, and exploring pathways for integrating the experience into careers as engaged global citizens. The guide concludes with an appendix containing valuable resources for easy use by all. *Study Abroad and the Second Language Learner* Martin Howard, 2020-12-10

Situated at the interface between study abroad and second language acquisition research, this book adopts a threefold thematic focus: to study abroad and the language learner; investigating learner beliefs about study abroad; learner experiences of study abroad in relation to a range of individual, cultural, and social factors; and the nature of learner development while abroad at an intercultural, personal, and linguistic level. Chapters present studies of learners in different geographical contexts with different first and second language combinations. The studies draw on different methodologies, incorporating quantitative, qualitative, and mixed-method approaches. Presenting findings with implications for learner preparation, expectations, and support during study abroad, and highlighting developmental issues within second language acquisition, *Study Abroad and the Second Language Learner* will be of interest to all study abroad and second language acquisition researchers, as well as programme organisers, language instructors, and other stakeholders. **Preparing to**

Study Abroad Steven T. Duke, 2023-07-03 Study abroad is a potentially valuable experience in today's global economy. With proper preparation, it can be transformational. It can open you to the appreciation of other cultures, develop transferable intercultural skills for interacting with people from different backgrounds, and deepen your self-awareness about your values and expectations. It can build confidence as you learn to navigate unfamiliar situations and help you deal with the ambiguities of life. Study abroad also develops knowledge and insights about our interconnected world that will serve you well, whether you choose a career in business, non-profits, education, or government. A recent study by IES Abroad found that many employers value the intercultural skills and personal development that students gain from their travel. Students who had studied abroad reported higher starting salaries and were more likely to have landed a job within six months of graduation than the national average. This book is written for you as a student who is learning about the world first-hand and probably traveling abroad for the first time. It addresses the challenges of adapting thinking and behavior as you travel in an unfamiliar environment, of making the most of the opportunities, and of meeting and interacting with the locals. This book is designed to

help you prepare for your study abroad experience so you can get the most from it and gain critical intercultural skills while crossing cultures It offers strategies for learning about and exploring cultural differences and similarities of the country you will visit and advice about how to actively observe and participate in the life of the locality in which you will find yourself Each chapter illustrates key concepts through the personal accounts of students who have been there done that This book aims to help you with your own personal journey and to make your study abroad experience as meaningful rewarding and insightful as possible

Promoting Inclusion in Education Abroad Nick J. Gozik, Heather Barclay Hamir, 2023-07-03 Co published with While education abroad including studying volunteering researching and interning abroad is increasingly emphasized as a critical factor in preparing undergraduates for a globally interconnected world diversifying the pool of participants in such activities has proven challenging Framed within the concept of inclusive excellence with the objective of promoting diversity inclusion and equity in higher education as foundational to educational excellence the contributors present research and practices that have been proven successful in improving participation among groups of students traditionally underrepresented in education abroad Broader participation in education abroad programming has been a perennial concern at numerous higher education institutions in the U S having prompted countless discussions in professional organizations and across campuses among faculty staff and students Many have come to recognize that overseas opportunities are no longer a luxury and instead are a necessity for job seekers entering a more diverse globally interconnected workplace The volume offers a combination of research based chapters and case studies from leading experts on the barriers that disproportionately impact specific groups of students including students with disabilities first generation college students undocumented students racial and ethnic minorities science technology engineering and mathematics STEM majors and males The authors illuminate the issues which may inhibit education abroad participation from individual to institutional and present strategies reflecting a broad range of institutional contexts resources and needs While there has been significant discussion and action to promote broader inclusion in education abroad this is the first volume focusing on research and practice to achieve these ends and is intended as a critical resource for practitioners and scholars alike

Handbook of Research on Study Abroad Programs and Outbound Mobility Velliaris, Donna M., Coleman-George, Deb, 2016-08-24 Millions of students seek short and long term study abroad options every year and this trend is a key illustration of the internationalization of higher education Because a global perspective has become mandatory in the largely globalized workforce many institutions look to study abroad programs to prepare their students This outbound mobility has the potential to contribute to greater understanding between cultures countries and individuals The Handbook of Research on Study Abroad Programs and Outbound Mobility offers a comprehensive look into motivations for and opportunities through all forms of outbound mobility programs By providing empirically based research this publication establishes the benefits difficulties and rewards of building a framework to support international students and programs It is an invaluable

resource for academics students policy makers course developers counselors and cross cultural student advisors The Handbook of Practice and Research in Study Abroad Ross Lewin,2010-11-24 Co published with the Association for American Colleges and Universities AAC U The Handbook of Practice and Research in Study Abroad is a comprehensive survey of the field Each chapter eloquently conveys an enthusiasm for study abroad alongside a critical assessment of the most up to date research theory and practice

Study Abroad and the Quest for an Anti-Tourism Experience John J. Bodinger de Uriarte,Michael A. Di Giovine,2020-12-16 With contributions from anthropologists and cultural theorists Study Abroad and the Quest for an Anti Tourism Experienceexamines the culture and cultural implications of student travel Drawing on rich case studies from the Arctic to Africa Asia to the Americas this impressive array of experts focuses on the challenges and ethical implications of student engagement service and volunteering immersion research in the field local community engagement and crafting a new generation of active engaged global citizens This volume is a must read for students practitioners and scholars For more information check out this presentation by Michael A Di Giovine coeditor of Study Abroad and the Quest for an Anti Tourism Experience or these podcast episodes Sustainable Study Abroad with Dr Michael Di Giovine by ODLI on Air Study Abroad and the Quest for an Anti Tourism Experience by Meaningful Journeys
