Time Rogue Kate Allenton,2020-10-22 Time Analyst Sarah Weston may have thwarted a crime against time but her job isn't done yet The mastermind's accomplices need to be caught before one tries to rise to the occasion and finish what the old man had started Catching them should be easy Sarah has the equipment to track them She has the means to apprehend them and she has the determination to see it through That is until she chases one straight into a deadly trap that not only leaves her stranded in a time that isn't her own but with no way to get back home When killers show up to finish the job and wipe her from history she's left with limited options There is only one way she will make it out alive To survive she will have to turn rogue and break the rules just like those she's chasing
