**Frank Leslie's Sunday Magazine** Charles Force Deems, 1878      [Dancing Times](#) ,1951      *Appalachian Dance* Susan Eike Spalding, 2014-09-15 In *Appalachian Dance Creativity and Continuity in Six Communities* Susan Eike Spalding brings to bear twenty five years worth of rich interviews with black and white Virginians Tennesseans and Kentuckians to explore the evolution and social uses of dance in each region Spalding analyzes how issues as disparate as industrialization around coal plantation culture race relations and the 1970s folk revival influenced freestyle clogging and other dance forms like square dancing in profound ways She reveals how African Americans and Native Americans as well as European immigrants drawn to the timber mills and coal fields brought movement styles that added to local dance vocabularies Placing each community in its sociopolitical and economic context Spalding analyzes how the formal and stylistic nuances found in Appalachian dance reflect the beliefs shared understandings and experiences of the community at large paying particular attention to both regional and racial diversity Written in clear and accessible prose *Appalachian Dance* is a lively addition to the literature and a bold contribution to scholarship concerned with the meaning of movement and the ever changing nature of tradition

[Going to the Palais](#) James Nott, 2015-09-03 From the mid 1920s the dance hall occupied a pivotal place in the culture of working and lower middle class communities in Britain a place rivalled only by the cinema and eventually to eclipse even that institution in popularity *Going to the Palais* examines the history of this vital social and cultural institution exploring the dances dancers and dance venues that were at the heart of one of twentieth century Britain s most significant leisure activities *Going to the Palais* has several key focuses First it explores the expansion of the dance hall industry and the development of a mass audience for dancing between 1918 and 1960 Second the impact of these changes on individuals and communities is examined with a particular concentration on working and lower middle class communities and on young men and women Third the cultural impact of dancing and dance halls is explored A key aspect of this debate is an examination of how Britain s dance culture held up against various standardizing processes commercialization Americanization etc over the period and whether we can see the emergence of a national dance culture Finally the volume offers an assessment of wider reactions to dance halls and dancing in the period *Going to the Palais* is concerned with the complex relationship between discourses of class culture gender and national identity and how they overlap how cultural change itself a response to broader political social and economic developments was helping to change notions of class gender and national identity
