**Walter Benjamin**

## **Understanding Brecht:**

Understanding Brecht Walter Benjamin, 2020-05-05 The relationship between philosopher critic Walter Benjamin and playwright poet Bertolt Brecht was both a lasting friendship and a powerful intellectual partnership Having met in the late 1920s in Germany Benjamin and Brecht both independently minded Marxists with a deep understanding of and passionate commitment to the emancipatory potential of cultural practices continued to discuss argue and correspond on topics as varied as Fascism and the work of Franz Kafka Faced by the onset of the midnight of the century with the Nazi subversion of the Weimar Republic in Germany and the Stalinist degeneration of the revolution in Russia both men in their own way strove to keep alive the tradition of dialectical critique of the existing order and radical intervention in the world to transform it In Understanding Brecht we find collected together Benjamin s most sensitive and probing writing on the dramatic and poetic work of his friend and tutor Stimulated by Brecht s oeuvre and theorising his particular dramatic techniques such as the famous estrangement effect Benjamin developed his own ideas about the role of art and the artist in crisis ridden society This volume contains Benjamin s introductions to Brecht s theory or epic theatre and close textual analyses of twelve poems by Brecht printed in translation here which exemplify Benjamin s insistence that literary form and content are indivisible Elsewhere Benjamin discusses the plays *The Mother Terror* and *Misery of the Third Reich* and *The Threepenny Opera* digressing for some general remarks on Marx and satire Here we also find Benjamin s masterful essay *The Author as Producer* as well as an extract from his diaries that records the intense conversations held in the late 1930s in Denmark Brecht s place of exile between the two most important cultural theorists of this century In these discussions the two men talked of subjects as diverse as the work of Franz Kafka the unfolding Soviet Trials and the problems of literary work on the edge of international war *Understanding Brecht and Soyinka* Edde Maurice Iji, 1991 **Brecht's Poetry of Political**

**Exile** Ronald Speirs, 2000-11-02 Bertolt Brecht one of the most influential European playwrights of the twentieth century was also a poet of distinction This volume is the first comprehensive study devoted to his most important collection of political poetry the *Svendborg Poems* The contributors analyse Brecht s work critically and historically discussing it in relation to questions of poetics political commitment exile propaganda rhetoric and the scope and limitations of political poetry Links are also drawn with the work of German Soviet and English poets of the period and with later Germany poets

Understanding Brecht Walter Benjamin, 1973-01 **Understanding Brecht** Walter Benjamin, 1977 *Walter Benjamin and the Architecture of Modernity* Andrew Benjamin, Charles Rice, 2009 Walter Benjamin is universally recognised as one of the key thinkers of modernity his writings on politics language literature media theology and law have had an incalculable influence on contemporary thought Yet the problem of architecture in and for Benjamin s work remains relatively underexamined Does Benjamin s project have an architecture and if so how does this architecture affect the explicit propositions that he offers us In what ways are Benjamin s writings centrally caught up with architectural concerns from the

redevelopment of major urban centres to the movements that individuals can make within the new spaces of modern cities How can Benjamin's theses help us to understand the secret architectures of the present This volume takes up the architectural challenge in a number of innovative ways collecting essays by both well known and emerging scholars on time in cinema the problem of kitsch the design of graves and tombs the orders of road signs childhood experience in modern cities and much more Engaged interdisciplinary bristling with insights the essays in this collection will constitute an indispensable supplement to the work of Walter Benjamin as well as providing a guide to some of the obscurities of our own present

**Entanglements, Or Transmedial Thinking about Capture** Rey Chow, 2012-04-11 This follow up volume to our book *The Age of the World Target* collects interconnected entangled essays of literary and cultural theorist Rey Chow The essays take up ideas of violence capture identification temporality sacrifice and victimhood engaging with theorists from Derrida and Deleuze to Agamben and Rancière

**Contemporary Marxist Literary Criticism** Francis Mulhern, 2014-05-12 Marxism has had an enormous impact on literary and cultural studies and all those interested in the field need to be aware of its achievements This collection presents the very best of recent Marxist literary criticism in one single volume An international group of contributors provide an introduction to the development current trends and evolution of the subject They include such notable Marxist critics as Tony Bennett Terry Eagleton Edward W Said Raymond Williams and Fredric Jameson A diverse range of subjects are analysed such as James Bond Brecht Jane Austen and the modern history of the aesthetic

Origin and Significance of the Frankfurt School (RLE Social Theory) Phil Slater, 2020-07-26 The term Frankfurt School is used widely but sometimes loosely to describe both a group of intellectuals and a specific social theory Focusing on the formative and most radical years of the Frankfurt School during the 1930s this study concentrates on the Frankfurt School's most original contributions made to the work on a critical theory of society by the philosophers Max Horkheimer and Herbert Marcuse the psychologist Erich Fromm and the aesthetician Theodor W Adorno Phil Slater traces the extent and ultimate limits of the Frankfurt School's professed relation to the Marxian critique of political economy In considering the extent of the relation to revolutionary praxis he discusses the socio economic and political history of Weimar Germany in its descent into fascism and considers the work of such people as Karl Korsch Wilhelm Reich Walter Benjamin and Bertolt Brecht which directs a great deal of critical light on the Frankfurt School While pinpointing the ultimate limitations of the Frankfurt School's frame of reference Phil Slater also looks at the role their work played largely against their wishes in the emergence of the student anti authoritarian movement in the 1960s He shows that in particular the analysis of psychic and cultural manipulation was central to the young rebels theoretical armour but that even here the lack of economic class analysis seriously restricts the critical edge of the Frankfurt School's theory His conclusion is that the only way forward is to rescue the most radical roots of the Frankfurt School's work and to recast these in the context of a practical theory of economic and political emancipation

**Experimental Arts in Postwar Japan** Miryam Sas, 2020-03-17 In the years of rapid

economic growth following the protest movements of the 1960s artists and intellectuals in Japan searched for a means of direct impact on the whirlwind of historical and cultural transformations of their time Yet while the artists often called for such direct encounter their works complicate this ideal with practices of interruption self reflexive mimesis and temporal discontinuity In an era known for idealism and activism some of the most cherished ideals intimacy between subjects authenticity a sense of home are limitlessly desired yet always just out of reach In this book Miryam Sas explores the theoretical and cultural implications of experimental arts in a range of media Casting light on important moments in the arts from the 1960s to the early 1980s this study focuses first on underground post shingeki theater and then on related works of experimental film and video buto dance and photography Emphasizing the complex and sophisticated theoretical grounding of these artists through their works practices and writings this book also locates Japanese experimental arts in an extensive sustained dialogue with key issues of contemporary critical theory

*The politics of Jean Genet's late theatre* Carl Lavery,2017-10-03 Jean Genet and the politics of theatre is the first publication to situate the politics of Genet s theatre within the social spatial and political contexts of France in the 1950s and 1960s The book s innovative approach departs significantly from existing scholarship on Genet Where scholars have tended to bracket Genet as either an absurdist ritualistic or more recently a resistant playwright this study argues that his theory and practice of political theatre have more in common with the affirmative ideas of thinkers such as Henri Lefebvre Jacques Ranci re and Alain Badiou By doing so the monograph positions Genet as a revolutionary playwright interested in producing progressive forms of democracy This original and interdisciplinary reading of Genet s late work will be of interest to students and practitioners of Theatre as well as those interested in French and History

*A Practical Reader in Contemporary Literary Theory* Peter Brooker, Peter Widdowson,2014-05-22 This introduction to practicing literary theory is a reader consisting of extracts from critical analyses largely by 20th century Anglo American literary critics set around major literary texts that undergraduate students are known to be familiar with It is specifically targeted to present literary criticism through practical examples of essays by literary theorists themselves on texts both within and outside the literary canon Four example essays are included for each author text presented

Brecht Newsletter ,1998

**Bertolt Brecht's Approach to Theatre as an Analogue to Open Source Software** Kerry J. Cox,2004

**Brecht, Broadway and United States Theatre** J. Chris Westgate,2007 Not long after the 2001 terrorist attacks in New York City Bertolt Brecht TM s name was on the lips of many writing about Broadway Invoked knowingly but not always knowledgeably oeBrecht became something between marketing strategy and erudite justification for another season of Broadway musicals another ignominy endured by the German playwright whose epic theater has only

seldom been understood in the United States To say that Brechtian and Broadway theatrical traditions represent divergence of philosophy method or ambition is to indulge with the whimsy of Mark Twain in understatement Nevertheless many references to Brecht since 2001 imply compatibility instead of contradiction a confusion or corruption that suggested the need of looking closely at what Brecht wrote and intended in his epic theater more than seventy years after his first and unfortunately typical experience with United States theater Beginning with the 1935 production of *The Mother* and moving through recent productions of political theater including *The Resistible Rise of Arturo Ui* *Urinetown The Musical* and *My Name is Rachel Corrie* this anthology considers the encounters of Brecht and Broadway in terms of dramaturgy performance and reception The essays in this anthology explore the political cultural and economic constraints shaping many of the encounters of Brecht and Broadway in U S theater history This means looking at how in many cases epic theater has been co-opted and commodified by Broadway and what that commodification reveals about the culture of theater Simultaneously this means theorizing how epic theater finds or can find ways of providing a necessary bulwark against Broadway escapism and what this suggests for the future of political theater in the U S What results is a dialectical history tracing Brecht's encounters with Broadway a history that opens up and debates the complicated and often conflicted influence of Bertolt Brecht on United States theater oeDr Westgate's book on Brecht and Broadway is an excellent study of the reception of Brecht's work in the American theater and academe Brecht along with Moliere Ibsen and Chekhov is one of the most frequently performed playwrights in translation in America A thorough investigation of the trajectory of Brecht stagings on Broadway has long been overdue I am very grateful that Dr Westgate has taken on the task and arrived at such a splendid result The book is a must reading for any serious Brecht scholar Carl Weber Stanford Drama Department Collaborator with Brecht at the Berliner Ensemble Director of many Brecht stagings in the U S oeThis is a provocative collection of essays outlining the sometimes unexpected connections between Brecht and the Broadway theatre Like Brecht himself these essays are playful argumentative and productively dialectical in their contradictions The book is both entertaining and educational and bound to provoke healthy debate I recommend it as a demonstration of the ongoing relevance of Brechtian theories of theatre to the analysis of mainstream commercial theatre Sean Carney Associate Professor McGill University
