George Seward Edward S. Sears,2008-04-04 On September 30 1844 in Hammersmith England Connecticut born George Seward ran 100 yards in nine and a quarter seconds setting a record This performance helped establish Seward as the most famous athlete in the world and his feat remained unsurpassed for almost ninety years However in 1889 six years after Seward s death and 45 years after the run his achievement was declared invalid based on a doubtful eyewitness account of the race Though this dubious version may have been fabricated to discredit Seward s record because no runners of the time could approach it the damage was done After his record was invalidated Seward fell into obscurity and within a few years he became nearly forgotten In *George Seward America s First Great Runner* Edward S Sears seeks to restore Seward s standing among the greats of track and field In the early 1840s when Seward was in the prime of his career there were no amateur sports in America and just a few professional footraces so Seward engaged in wagers to display his skills Within a few years he established himself as a runner to beat both in the states and across the Atlantic Sears recreates many of the races Seward undertook in which he offered starts against the best runners of his day started on his knees or racing up to ten men separately in an hour He even ran against horses While this book concentrates on Seward it also covers the history of professional sprinting from the early 1800s to the present Sears illuminates the formative years of track and field both in America and England and much about the Victorian era of sports is covered here including an emphasis on gambling About more than the triumphs and misfortunes of a great American athlete this book examines the adoration of sports celebrities and the struggle between amateur and professional athletics George Seward is a fascinating profile of an American sports original and should be of interest to not only runners but fans of all sports as well as general *A World History of Track and Field Athletics, 1864-1964* Roberto Quercetani,1964 *Encyclopedia of World Biography: Kilpatrick-Louis* ,1998 Presents brief biographical sketches which provide vital statistics as well as information on the importance of the person listed *The African American National Biography: Hacker-Jones, Sarah* Henry Louis Gates (Jr.),Evelyn Brooks Higginbotham,2008 An 8 volume reference set containing over 4 000 entries written by distinguished scholars The African American National Biography is the most significant and expansive compilation of black lives in print today
