Voodoo Shop:

Hoodoo, Voodoo, and Conjure Jeffrey E. Anderson, 2008-10-30 Hoodoo voodoo and conjure are part of a mysterious world of African American spirituality that has long captured the popular imagination. These magical beliefs and practices have figured in literary works by such authors as Toni Morrison, Alice Walker, and Ishmael Reed, and they have been central to numerous films such as *The Skeleton Key*. Written for students and general readers, this book is a convenient introduction to hoodoo, voodoo, and conjure. The volume begins by defining and classifying elements of these spiritual traditions. It then provides a wide range of examples and texts which illustrate the richness of these beliefs and practices. It also examines the scholarly response to hoodoo, voodoo, and conjure and it explores the presence of hoodoo, voodoo, and conjure in popular culture. The volume closes with a glossary and bibliography. Students in social studies classes will use this book to learn more about African American magical beliefs, while literature students will enjoy its exploration of primary sources and literary works.

City of the Undead Robin Ann Roberts, 2023-09-13 From its looming above-ground cemeteries to the ghosts believed to haunt its stately homes, New Orleans is a city deeply entwined with death, the undead, and the supernatural. The reasons behind New Orleans's reputation as America's most haunted city are numerous. Its location near the mouth of the Mississippi River grants it a liminal status between water and land, while its Old World architecture and lush, moss-covered oak trees lend it an eerie beauty. Complementing the city's mysterious landscape, spiritual beliefs and practices from Native American, African, African American, Caribbean, and European cultures mingle in a unique ferment of the paranormal. An extremely high death rate in the eighteenth and nineteenth centuries and a long history of enslavement and oppression have also produced fertile soil for stories of the undead. Focusing on three manifestations of the supernatural in New Orleans—Voodoo, ghosts, and vampires—Robin Roberts argues that the paranormal gives voice to the voiceless, including victims of racism and oppression, thus encouraging the living not to repeat the injustices of the past.

The Darkest Gift Len Handeland, 2021-08-05 When a self-loathing gay man, Jack, meets elegant yet incredibly mysterious Laurent Richelieu, he thinks his stroke of bad luck with men and women has come to an end. Or is it the beginning of a nightmare? Jack is unaware of the dark history that unfolded centuries earlier with Laurent's lover and vampire maker, Fabien Levesque, who was destroyed in front of him in a jealous fit of rage by his vampire maker, Stefan, exacting revenge for Fabien's rejection of him. As Jack and Laurent begin their courtship, Jack encounters horrifying experiences involving paranormal experiences, vampirism, and possible reincarnation, making him question his sanity. The more time Jack spends with his mysterious European love interest, the more revealed about the dark secret awaiting Jack. Are they destined to be together? Does Laurent honestly care for Jack? Or is there a much more sinister plot involved? Can the help of a self-described Voodoo High Priestess named Queen Raphaella alter Jack's predestined future, or is his fate already sealed?

Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious

are gravely misunderstood by members of the religious mainstream. Labeled cults or sects, groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large. Despite their efforts at educating the general public, the various anti and counter cult activists have in fact promoted much more misunderstanding than accurate understanding of the religious lives of some of their fellow citizens. Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream. This set rectifies the situation by presenting accurate, comprehensive, authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context. Determining what actually constitutes a new or alternative religion is a subject of constant debate. Questions arise as to a new faith's legitimacy, beliefs, methods of conversion and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream, which often labels such new movements as cults, is fraught with difficulty, tension and fear. Here experts delineate the boundaries and examine the various groups, beliefs, movements and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today.

Volume 1: History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved.

Volume 2: Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers, the People's Temple, the Branch Davidians, Jehovah's Witnesses and others are examined.

Volume 3: Metaphysical, New Age and Neopagan Movements looks at Shamanism, Spiritualism, Wicca and Paganism among other movements as they have developed and grown in the U.S. These faiths have found new and devoted followers yet are often misunderstood.

Volume 4: Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions. From Baha'i to Soka Gakkai, from Adidam to the Vedanta Society, contributors look at a full range of groups practicing and worshiping in the U.S. today.

Volume 5: African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism, Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology, UFO religions and Heaven's Gate. Some of the new and alternative religions covered in these pages include Shamanism, Wicca, Black Israelites, Santeria, Scientology, Elan Vital, Hare Krishna, Soka Gakkai and many more.
