Sinners Tale:

Are Christians Just Saved Sinners? Ron Craig, 2012-08-30 Although my first four books deal with various controversial issues in the church today the substance of this book strikes at the very heart of some central doctrines held dear by many modern believers Just because certain beliefs have survived for centuries in church dogma and theological textbooks that is no guarantee that such doctrines are biblical I appealed to more than 900 different Scripture passages in this work to both expose those doctrinal errors and to reveal the truth regarding some essential biblical realities I do hope the reader will set aside all religious prejudices and honestly consider this straightforward presentation of what God actually says about such matters

Rabbinic Tales of Destruction Julia Watts Belser, 2018 Analyzing early Jewish accounts of the destruction of the Second Temple Julia Watts Belser illuminates the brutal body costs of Roman conquest Drawing on disability studies feminist theory and new materialist ecological thought Belser reveals how rabbinic discourses of gender sexuality and the body are shaped in the shadow of empire
