The Question Goes Interactive:

The Monist Paul Carus, 1894 Vols 2 and 5 include appendices

Interaction and the Standardized Survey Interview Hanneke Houtkoop-Steenstra, 2000-08-03 This study investigates in detail the interaction between interviewers and respondents in standardised social survey interviews Applying the techniques of conversation analysis Hanneke Houtkoop Steenstra reveals how certain rules of normal conversation fail to apply in interviews based on a standard questionnaire and offers original empirical evidence to show what really happens Her book demonstrates that interview results can only be understood as products of the contingencies of the interview situation and not as is usually assumed the unmediated expressions of respondents real opinions Her conclusions have important implications for anyone interested in effective survey compilation and interpretation The book is highly accessible setting out the basic tools of conversation analysis simply and clearly and suggesting ways of improving questionnaire design wherever possible Its approach will be of great interest to students and researchers of survey methodology

Information and Interaction Ian T. Durham, Dean Rickles, 2016-12-09 In this essay collection leading physicists philosophers and historians attempt to fill the empty theoretical ground in the foundations of information and address the related question of the limits to our knowledge of the world Over recent decades our practical approach to information and its exploitation has radically outpaced our theoretical understanding to such a degree that reflection on the foundations may seem futile But it is exactly fields such as quantum information which are shifting the boundaries of the physically possible that make a foundational understanding of information increasingly important One of the recurring themes of the book is the claim by Eddington and Wheeler that information involves interaction and putting agents or observers centre stage Thus physical reality in their view is shaped by the questions we choose to put to it and is built up from the information residing at its core This is the root of Wheeler s famous phrase it from bit After reading the stimulating essays collected in this volume readers will be in a good position to decide whether they agree with this view

Media, Policy and Interaction William Housley, Richard Fitzgerald, 2016-04-29 Situated within the field of discourse oriented approaches to policy and media this collection explores the interface between government media and the public highlighting the increasing importance placed on media channelled public opinion as part of a democratic process The authors use a variety of discourse analytic methods including CA MCA Discourse Analysis and Interactionism to provide discussions around the social organization of policy debate in media sites including news interviews public access broadcasts broadcast debates panel discussions mediated government initiatives newspapers and news broadcasts The book s geographical coverage spans the USA Canada the UK Europe Asia and Australia This volume offers a major contribution to discourse analysis and its emphasis on policy substance will appeal to a broad audience in social and public policy political communication journalism and politics

"The" Monist, 1894 Evidentiality in Interaction Janis Nuckolls, Lev Michael, 2014-06-15 In recent decades linguists have significantly advanced our understanding of the grammatical properties

of evidentials but their social and interactional properties and uses have received less attention This volume originally published as a special issue of *Pragmatics and Society* issue 3 2 2012 draws together complementary perspectives on the social and interactional life of evidentiality drawing on data from diverse languages including Albanian English Garrwa Pama Nyungan Australia Huamal es Quechua Quechuan Peru Nanti Arawak Peru and Pastaza Quichua Quechuan Ecuador The language specific studies in this volume are all based on the close analysis of discourse or communicative interaction and examine both evidential systems of varying degrees of grammaticalization and evidential strategies present in languages without grammaticalized evidentials The analyses presented draw on conversational analysis ethnography of communication ethnopoetics pragmatics and theories of deixis and indexicality and will be of interest to students of evidentiality in a variety of analytical traditions
