

**YOU CAN'T WIN.
SO WIN.**

“You don’t wait for attention, you take it. You put in the work, you stay ready and when the moment comes, you own it. Winning isn’t just about medals: It’s about overcoming, about proving to yourself that you’re capable of more than you ever imagined. And doing it all authentically.”

So What:

So What? Kevin Duncan, 2008-02-28 So What gets straight to the point so you can cut through the noise and nonsense of work Much of what we learn in our formative years is unlearned in later life As grown ups we are often unable to answer the simplest of questions in a clear direct way and frequently have no idea why we are doing something This can lead to crippling inefficiency in business and goes some way to explaining why so many people spend so much time doing things that have no bearing on the true purpose by behaving in a genuinely inquisitive way you can get right to the heart of the matter and save yourself hours days and even months of anguish The questions So what Why How and When can be hugely effective when applied in the right context and this book shows you how to use them Once all the right questions have been posed there is a final sure fire method for testing whether something is relevant and helpful By completing the sentence Something must be wrong if it is simple to work out if you are wasting your time For example Something must be wrong if I don't want to go to work in the morning So What shows you how to become truly inquisitive again So let the questions roll Pay attention to what the answers are Learn from them and you will immediately improve your prospects of finally getting somewhere in life

So What? who Cares? why You? Wendy Kennedy, 2006 Provides a toolkit for inventors and technology entrepreneurs to help in assessing the value and validity of a technology idea and to seek funding and support for that that idea Demonstrates how the So what Who cares Why you framework can be used for attracting investors customers and other business backers
