Straightforward Guide To Competition Law:

A Straightforward Guide to Competition Law of the United Kingdom Freya Yule, 2005 This book is perfect for the layperson businessperson student or legal practitioner seeking a practical accessible summary Legislative repeal and radical enhancements overhauled this field of law Previously the law was weak now the offences and penalties include director disqualification and prison sentences In this relatively new field there is a demand for a short text that conveniently explains the concepts in practical terms to the lay or business reader Thi is the only book of its kind to explain this challenging field

An Introductory Guide to EC Competition Law and Practice Valentine Korah, 1994 *An Introductory Guide to EEC Competition Law and Practice* Valentine Korah, Warwick A. Rothnie, 1990 **Business Guide to Competition Law** Cameron Markby Hewitt (Firm), 1995 **EU State Aid Control** Philipp Werner, Vincent Verouden, 2025-02-19 EU State Aid Control Law and Economics Second Edition Edited by Philipp Werner a chapter on State aid in times of crisis which discusses not only the COVID rules but also the broader implications of the use of temporary crisis rules on the enforcement of State aid rules and chapters on State aid procedure and private enforcement of State aid As a critical assessment of the current status of EU State aid control from both legal and economic perspectives and as an authoritative guide through its complexities and pitfalls this book will be of immeasurable value now and in the coming years to all stakeholders required to understand interpret and apply the State aid rules Philipp Werner is a Partner in Jones Day s Brussels office He has extensive experience in the area of State aid and advises Member States as well as public and private companies on all areas of State aid and competition law Vincent Verouden is an Economic and Policy Analyst at the European Commission responsible for the ex post evaluation of competition policy and enforcement He previously worked as a Director of an economic consultancy active in the field of competition economics 2014 2019 and held various positions in DG Competition including that of Deputy Chief Economist 2012 2014 **A Modern Guide to Patents** Nikolaus Thumm, Knut Blind, 2025-06-09 With contributions from well known academics and industry experts this highly relevant Modern Guide presents an overview of patenting in the 21st century It analyzes a wide range of cases to illustrate the continuous change in the use application and regulatory environment of the patent system This title contains one or more Open Access chapters [Restrictions of EU Competition Law in the Digital Age](#) Bernadette Zelger, 2023-06-28 This book offers an in depth legal analysis concerning the notion of restrictions of competition be it by object restrictions according to Article 101 TFEU or prima facie abusive practices treated according to the form based approach under Article 102 TFEU Although extensive research has been conducted on the notion of object infringements of competition there is no systematic review of this topic covering both competition provisions namely Articles 101 and 102 TFEU This book fills that gap by providing an extensive analysis of the relevant case law while also covering new phenomena stemming from the digital revolution and its impact on the functioning of traditional markets In this regard particular attention is paid to the concept of prima facie infringements and the analysis necessary for their

successful establishment Object restrictions and object abuses are not infringements per se in the sense that they can be established in the abstract and without consideration of the actual legal and economic context context analysis within which a measure is implemented Hence the indispensable context analysis is informed by the potential economic effects of a given measure Examining the changes regarding the economic reality and how markets work in the digital economy this book makes a valuable contribution to the current debate about whether our competition law toolkit is fit and proper to deal with the challenges posed by digitalization The author argues that while there is a coherent framework covering both Treaty competition provisions as regards object restrictions of competition the increased use of an actual effect analysis and thus the concept of a restriction of competition by effect represents an underestimated and underused weapon for combating measures that are ambivalent from a competition law perspective as regards their anticompetitive or non detrimental nature in a digital economy
