Missing Andrew J Clark,2019-07-22 Cases of missing people that defy explanation Some missing person cases are more bizarre and mysterious than others This book reports such cases We often tend to think that we can easily find the explanation to everything around us yet there are so many situations where this is not possible People themselves continue to disappear seemingly without a trace even with all of the technological and scientific advancement that humanity has had People disappear every single day but there are a few cases that simply defy

explanation There are those who have walked into forests and never come out There are people who have disappeared from secure compounds with no explanation and even individuals who seem to have vanished into thin air right in front of security cameras As much as we would like to find some mundane explanation for these cases a persistent percentage of disappearances remain completely mysterious in every sense of the word Here in this book we have brought together some of the most mind boggling of these strange instances of abrupt vanishing on record including The Ill Fated Alien Abductee Anjikuni the Vanishing Village Abducted by Bigfoot The Fierce Legend of Ambrose Bierce What Happened to Gerry Irwin The Mysterious Disappearance of a Manic Street Preacher The Troubling Case of Brandon Lawson And many more Scroll back up and order your copy today
