Strange Glory:

Strange Glory Charles Marsh, 2015-04-28 Winner Christianity Today 2015 Book Award in History Biography Shortlisted for the PEN Jacqueline Bograd Weld Award for Biography In the decades since his execution by the Nazis in 1945 Dietrich Bonhoeffer the German pastor theologian and anti Hitler conspirator has become one of the most widely read and inspiring Christian thinkers of our time With unprecedented archival access and definitive scope Charles Marsh captures the life of this remarkable man who searched for the goodness in his religion against the backdrop of a steadily darkening Europe From his brilliant student days in Berlin to his transformative sojourn in America across Harlem to the Jim Crow South and finally once again to Germany where he was called to a ministry for the downtrodden we follow Bonhoeffer on his search for true fellowship and observe the development of his teachings on the shared life in Christ We witness his growing convictions and theological beliefs culminating in his vocal denunciation of Germany's treatment of the Jews that would put him on a crash course with Hitler Bringing to life for the first time this complex human being his substantial flaws inner torment the friendships and the faith that sustained and finally redeemed him Strange Glory is a momentous achievement

The Sovereign Human Being Valentin Jeutner, 2024-10-31 Sovereign is who decides and who decides is responsible The book develops these two arguments by comparing Carl Schmitt's and Dietrich Bonhoeffer's theories of sovereignty Carl Schmitt was an influential jurist of Nazi Germany Dietrich Bonhoeffer was a Lutheran priest hanged for his involvement in a plot to assassinate Adolf Hitler In many ways the two men could not be more different But they both struggled with the question of how to maintain order and how to prevent violence at times of crisis In this considered work Jeutner brings these two thinkers into careful dialogue They both agreed that order is established not by appealing to existing norms or general principles but by an individual's sovereign decision Ascribing sovereignty to individuals communicates that they always have a choice and that they are always responsible for these choices Thus it is not just powerful individuals who have the choice to bring wars to an end or who can combat climate change This exploratory work reveals that by making sovereign decisions ordinary individuals too can work towards the peaceful resolution of conflicts or reduce their carbon footprint Making such sovereign decisions is not easy for individuals who are taught to follow orders and norms For this reason this book supplements the comparative analysis of Schmitt and Bonhoeffer with an action guiding decision making framework While the proposed framework departs from Schmitt's and Bonhoeffer's theses by recognizing the agency responsibility and sovereignty of all individuals Jeutner argues that this acknowledgement of the universal sovereignty of individuals is the only way to bring about the orderly and peaceful world of which Schmitt and Bonhoeffer dream
