Rural Resources and Local Livelihoods in Africa NA NA,2016-09-27 Top scholars examine issues which lead readers
to better understand environmental change in the African continent and its effects on rural African livelihoods Each of the
studies in this book concerns four main issues conservation biodiversity and environment land use and livelihoods
environmental change and policies for conservation and development The volume looks closely at the details of rural
resource use access and control the social institutions which shape this and the effects on African environments It is not
possible to understand livelihoods in Africa a central issue for all social and economic questions without grasping the
interplay between environmental change and the sustainability of rural livelihoods The volume is groundbreaking in its
detailed examination of this interplay and its importance in grasping the roots of poverty and potential for its alleviation and
for its unique combination of natural and social science methods *National Forests and the Public Domain: Hearings, April
