Switzerland and the International Protection of Refugees, La Suisse et la protection internationale des réfugiés Vera Gowlland-Debbas, Vincent Chetail, 2021-10-18 The present volume highlights the new challenges of the international protection of refugees fifty years after the adoption of the 1951 Geneva Convention relating to the Status of Refugees Focusing on the problems faced by Switzerland in the field of international protection of refugees as well as on the specificity of its asylum law and practice this publication addresses the refugee problem from a national European and international perspective The Swiss experience serves to illustrate the wider problematic of on the one hand the tensions between security political and humanitarian concerns encountered by refugee receiving states and on the other the need to preserve an international refugee protection regime which remains an essential component of international law and relations for so long as political solutions are not brought to the root causes of refugee exodus This reflection on the international protection of refugees is organized around four main themes The first examines Switzerland's response in the past to mass influx in the

light of historical case studies and the evolution of Swiss asylum law and practice The second focuses on the question of access of refugees to asylum territories and refugee status determination procedures within the framework of the 1951 Convention on the Status of Refugees and the current Swiss asylum law The third centres on the wider protection regime currently being forged in Europe to address a broader category of refugees including solutions for temporary and subsidiary protection The final theme revolves around return of refugees including those under the Dayton and recent Kosovo agreements and covers reintegration of returnees assistance and long term development This work is based on papers presented at a colloquium of the Graduate Institute of the International Studies in Geneva which was organised in collaboration with the Office of the United Nations High Commissioner for Refugees as a contribution to the 50th anniversaries of the UNHCR and the Geneva Convention relating to the Status of Refugees

Pascale Speck, 2013

Why is it that in Switzerland hardly anyone pays off their mortgage? Mirko Bernasconi, This book titled Why is it that in Switzerland hardly anyone pays off their mortgage investigates the unique landscape of mortgage practices in Switzerland where a significant number of homeowners choose to retain their mortgages rather than pay them off This phenomenon raises important questions about financial strategies and cultural attitudes towards debt in one of the world's wealthiest nations The central inquiry revolves around how the Swiss approach to leveraging debt for home ownership differs from that of other countries By analysing historical patterns societal views on borrowing and the nuances of the Swiss financial system readers are introduced to a perspective that regards mortgages as advantageous financial instruments rather than liabilities The book targets a diverse audience including finance professionals economists policy makers and those interested in real estate economics or alternative debt management strategies Delving into Switzerland's mortgage market reveals characteristics such as low interest rates and adaptable repayment plans that encourage long term loan retention This stands in stark contrast to many cultures where early repayment is often viewed as a hallmark of fiscal prudence Supported by data from reputable sources like the Swiss National Bank and various industry analyses the book illustrates current trends in housing finance while examining how these practices bolster economic stability within Switzerland amidst global housing challenges Furthermore this work connects local mortgage behaviours with broader international economic shifts exploring how changes in interest rates and housing markets influence consumer choices worldwide Through case studies representing various demographics across urban and rural settings in Switzerland it offers rich insights into differing attitudes toward mortgages In summary Why is it that in Switzerland hardly anyone pays off their mortgage serves as an enlightening resource for those seeking fresh perspectives on home financing It highlights how cultural contexts shape financial behaviours a crucial consideration as global economies continue to evolve

**European Integration Perspectives in Times of Global Crises** Andreas Kellerhals, Tobias Baumgartner, Corinne Reber, 2023-04-06

With its White Paper on the Future of Europe the European Commission initiated a debate on fundamental reforms of the

Union's structures in 2017. The paper outlined five reform scenarios ranging from a reduction and refocusing of the EU's competences to deeper integration in the spirit of a United States of Europe. However, the White Paper ultimately had no tangible impact as none of the proposed scenarios were implemented. Nevertheless, current global challenges including health crises, climate change, energy resource management, shifting global power dynamics, and related security issues underscore the growing need for a strong and united Europe. The idea of an ever closer union as enshrined in the preamble of the 1992 EU Treaty could be experiencing a revival. Against this backdrop, the 13th Network Europe Conference examined the significance of the European integration project in times of global crisis. Discussions focused on key policy challenges, the EU's relationships with its eastern and southern neighbors, and its role in relation to global actors such as China and Russia. The publication features contributions from Michael Ambühl, Jelena Ceranic Perisic, Viorel Cibotaru, Christelle Genoud, Christos V. Gortsos, Iris Goldner Lang, Nora Meier, Peter Christian Müller, Graff Eva, Pils Clara, Portela, and Peter R. Rodrigues. Network Europe was founded in 2003 by the Europa Institute at the University of Zurich with support from the Swiss government. It serves as a forum for scholarly exchange on legal and political aspects of European integration, bringing together researchers from across Europe.

EU Enlargement and European Integration: Challenges and Perspectives Andreas Kellerhals, Tobias Baumgartner, Fatlum Ademi, 2024-08-29

At the beginning of 2022, a major EU enlargement seemed unlikely in the near future. However, Russia's invasion of Ukraine in February 2022 fundamentally shifted the European Commission's stance. Ukraine and Moldova were granted EU candidate status, and Georgia was added to the list of potential candidates. This raises questions about the future of the European Neighbourhood Policy. While EU enlargement has gained momentum, certain areas of integration have stalled, such as the expansion of the eurozone and the Schengen area, despite Croatia's recent accession. Romania and Bulgaria remain in waiting. Meanwhile, new formats of continental cooperation, such as the European Political Community launched in 2022, raise the question of whether more differentiated integration models will emerge. Additionally, the war in Ukraine has exacerbated other crises, including inflation, the energy crisis, food shortages in the Global South, and unprecedented refugee movements, not only from Ukraine but also from other regions. Against this backdrop, the 14th Network Europe Conference examined EU enlargement prospects and the challenges facing European integration in times of global crisis. This publication features contributions from Fatlum Ademi, Antonina Bakardjieva Engelbrekt, Melita Carevi, Jelena Ceranic Perisic, Viorel Cibotaru, Waltraud Hakenberg, Garine Hovsepian, Andreas Kellerhals, Lee McGowan, Henri Vogt, and Ralph Weber. Network Europe was founded in 2003 by the Europa Institute at the University of Zurich with support from the Swiss government. It serves as a forum for scholarly exchange on legal and political aspects of European integration, bringing together researchers from across Europe.
