Gerd Leonhard

Technology And Mans Future:

Technology and Man's Future Hasan Ozbekhan,1966 A great part of contemporary humanity shares a world view dominated by technological values The report examines the dangers and the promises which inhere to this world view and to determine where the human being stands in relation to the technological milieu he has created *Technology Vs. Humanity* Gerd Leonhard,2016-09-06 Futurist Gerd Leonhard breaks new ground again by bringing together mankind s urge to upgrade and automate everything down to human biology itself with our timeless quest for freedom and happiness Before it s too late we must stop and ask the big questions How do we embrace technology without becoming it When it happens gradually then suddenly the machine era will create the greatest watershed in human life on Earth Technology vs Humanity is one of the last moral maps we ll get as humanity enters the Jurassic Park of Big Tech Artificial intelligence Cognitive computing The Singularity Digital obesity Printed food The Internet of Things The death of privacy The end of work as we know it and radical longevity The imminent clash between technology and humanity is already rushing towards us What moral values are you prepared to stand up for before being human alters its meaning forever Gerd Leonhard is a new kind of futurist schooled in the humanities as much as in technology In his most provocative book to date he explores the exponential changes swamping our societies providing rich insights and deep wisdom for business leaders professionals and anyone with decisions to make in this new era If you take being human for granted press Reset now with this passionately argued call to create a genuinely braver new world **The Technology Monthly and Harvard Engineering Journal** ,1916
