Beast-People Onscreen and in Your Brain Mark Pizzato,2016-02-22 A new take on our bio cultural evolution explores how the inner theatre of the brain and its animal human stages are reflected in and shaped by the mirror of cinema Vampire werewolf and ape planet films are perennial favorites perhaps because they speak to something primal in human nature This intriguing volume examines such films in light of the latest developments in neuroscience revealing ways in which animal human monster movies reflect and affect what we naturally imagine in our minds Examining specific films as well as early cave images the book discusses how certain creatures on rock walls and movie screens express animal to human evolution and the structures of our brains The book

presents a new model of the human brain with its theatrical cinematic and animal elements It also develops a theory of rasa catharsis as the clarifying of emotions within and between spectators of the stage or screen drawing on Eastern and Western aesthetics as well as current neuroscience It focuses on the inner movie theater of memories dreams and reality representations involving developmental stages as well as the hall of mirrors ape egos and body swapping identifications between human beings Finally the book shows how ironic twists onscreen especially of contradictory emotions might evoke a reappraisal of feelings helping spectators to be more attentive to their own impulses Through this interdisciplinary study scholars artists and general readers will find a fresh way to understand the potential for interactive mindfulness and yet cathartic backfire between human brains in cinema in theater and in daily life *American Heathens* Jennifer Snook,2015-06-12 *American Heathens* is the first in depth ethnographic study about the largely misunderstood practice of American Heathenry Germanic Paganism Jennifer Snook who has been Pagan since her early teens and a Heathen since eighteen traces the development and trajectory of Heathenry as a new religious movement in America one in which all identities are political and all politics matter Snook explores the complexities of pagan reconstruction and racial ethnic and gender identity in today s divisive political climate She considers the impact of social media on Heathen collectivities and offers a glimpse of the world of Heathen meanings rituals and philosophy In *American Heathens* Snook presents the stories and perspectives of modern practitioners in engaging detail She treats Heathens as members of a religious movement rather than simply a subculture reenacting myths and stories of enchantment Her book shrewdly addresses how people construct ethnicity in a reconstructionist historically minded faith system with no central authority **Maria Shaw's Star Gazer** Maria Shaw,2003 Order before the October 2003 release date and receive a 10% discount This product will not ship until its release date October 1 2003 **Celebrating the Pagan Soul** Laura Wildman,2005 Millions of Pagans will be able to relate to this book Whether they have looked for a community of spirit found a special mentor or teacher or been part of a wonderful spell this book shares hopes and dreams and validates endeavours and lives It is also written by some of the best names in this offbeat and growing phenomena including Laly Rhea Eve LeFey and Margot Adler This really is chicken soup for the pagan soul Kruti Pamela Barlow,2010-09-21 not available Ten Things I Still Hate About Those Women Allene E.
