## **The Peruvian Experiment Reconsidered:**

The Peruvian Experiment Reconsidered Cynthia McClintock, Abraham F. Lowenthal, 1983-01-01      **Peruvian Labyrinth** Cameron A. Maxwell, Philip Mauceri, 2010-11-01 Eight essays continue the scholarly interest in the South American country demonstrated by similar collections published in 1975 and 1983 Social and political scientists including two from Peru cover the legacy of past choices in regimes coalitions and policies peasants workers and business as social actors in political change and violence and human rights A conclusion summarizes the state of the country Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR      *Human Rights Trade-Offs in Times of Economic Growth* Areli Valencia, 2016-11-03 This book uncovers a historical dependency on smelting activities that has trapped inhabitants of La Oroya Peru in a context of systemic lack of freedom La Oroya has been named one of the most polluted places on the planet by the US Blacksmith Institute Residents face the dilemma of whether to defend their health or to preserve job stability at the local smelter the main source of toxic pollution in town Valencia unpacks this paradoxical human rights trade off This context shaped by social historical political and economic factors increases people s vulnerabilities and decreases their ability to choose resulting in residents trading off their right to health in order to work This book shows the deep connection of this local dilemma to the country s national paradox arising out of Peru s vision of natural resource extraction as the main path to secure economic growth for the entire country at the expense of some groups      *Authoritarians and Democrats* James M. Malloy, Mitchell A. Seligson, By the end of the 1960s most of Latin America was under repressive military rule Conversely the 1980s have seen the emergence of formal constitutional democracies in Latin America and the Caribbean *Authoritarians and Democrats* describes these changes and the future prospects for constitutional government in Latin America      *Struggle for Indigenous Rights in Latin America* Nancy Grey Postero, 2004-09-01 The Indian question has come to the forefront of political agendas in contemporary Latin America In the process indigenous movements have emerged as important social actors raising a variety of demands on behalf of native peoples Regardless of the situation of Indian groups as small minorities or significant sectors many Latin American states have been forced to consider whether they should have the same status as all citizens or whether they should be granted special citizenship rights as Indians This book examines the struggle for indigenous rights in eight Latin American countries Initial studies of indigenous movements celebrated the return of the Indians as relevant political actors often approaching their struggles as expressions of a common generic agenda This collection moves the debate forward by acknowledging the extraordinary diversity among the movements composition goals and strategies By focusing on the factors that shape this diversity the authors offer a basis for understanding the specificities of converging and diverging patterns across different countries The case studies examine the ways in which the Indian question arises in each country with reference to the protagonism of indigenous movements in the context of the threats and opportunities posed by neoliberal policies The complexities posed by the varying demographic

weight of indigenous populations the interrelation of class and ethnicity and the interplay between indigenous and popular struggles are discussed **The Corner of the Living** Miguel La Serna,2012-03-12 Peru s indigenous peoples played a key role in the tortured tale of Shining Path guerrillas from the 1960s through the first decade of the twenty first century The villagers of Chuschi and Huaychao high in the mountains of the department of Ayacucho have an iconic place in this violent history Emphasizing the years leading up to the peak period of violence from 1980 to 2000 when 69 000 people lost their lives Miguel La Serna asks why some Andean peasants chose to embrace Shining Path ideology and others did not Drawing on archival materials and ethnographic field work La Serna argues that historically rooted and locally specific power relations social conflicts and cultural understandings shaped the responses of indigenous peasants to the insurgency In Chuschi the guerrillas found indigenous support for the movement and dreamed of sparking a worldwide Maoist revolution In Huaychao by contrast villagers rose up against Shining Path forces precipitating more violence and feeding an international uproar that took on political significance for Peru during the Cold War **The Corner of the Living** illuminates both the stark realities of life for the rural poor everywhere and why they may or may not choose to mobilize around a revolutionary cause
