Vietnam Postwar:

Vietnam's American War Pierre Asselin, 2018-01-11 A survey of the Vietnamese communist experience during the Vietnam War 1954-75 with a focus on high level decision making and military planning *Postwar Vietnam* Hy V. Luong, 2003 This historically grounded examination of the dynamics of contemporary society in Vietnam including cultural, political and economic dimensions focuses on dynamic tensions both within society and among societal forces: the state and global capital

The Vietnamese War David W. P. Elliott, 2003 16 Holding On 17 Civil War 18 The Final Chapter Notes Appendix A The Human Cost Appendix B Reflections Bibliography Index *Postwar Vietnam* David Marr, Christine P. White, 2018-05-31 This anthology concentrates on domestic questions: economic policies and socialist development and ideology. The essays' subjects include such varied topics as education, economics, the military leadership and economic assistance and humanitarian aid *The Vietnam War Files* Jeffrey P. Kimball, 2004 The new evidence uncovers a number of behind-the-scenes plays such as Nixon's secret nuclear alert of October 1969 and sheds more light on Nixon's goals in Vietnam and his and Kissinger's strategies of Vietnamization, the China card and triangular diplomacy. The excerpted documents also reveal significant new information about the purposes of the linebacker bombings, Nixon's manipulation of the POW issue and the conduct of the secret negotiations in Paris as well as other key topics, events and issues. All of these are effectively framed by Kimball whose introductions to each document provide historical context *The Vietnamese War* David Elliott, 2016-04-15 A monumental work of research and analysis, this is a history of the Vietnam War in a single province of the Mekong Delta over the period 1930-1975. More precisely, it is a study of the Vietnamese dimension of the Vietnam War, focusing on the revolutionary movement that became popularly known as the Viet Cong. There are several distinctive features to this study: 1) it provides an explanation for the paradox of why the revolutionary movement was so successful during the war but unable to meet the challenges of postwar developments; 2) it challenges the dominant theme of contemporary political analysis which assumes that people are rational actors responding to events with careful calculations of self-interest; 3) it closely examines province-level documentation that casts light on a number of important historical controversies about the war. No other history of the Vietnam War has drawn on such a depth of documentation, especially firsthand accounts that allow the Vietnamese participants to speak directly to us

Vietnam's Strategic Thinking during the Third Indochina War Kosal Path, 2020-02-11 When costly efforts to cement a strategic partnership with the Soviet Union failed, the combined political pressure of economic crisis at home and imminent external threats posed by a Sino-Cambodian alliance compelled Hanoi to reverse course. Moving away from the Marxist-Leninist ideology that had prevailed during the last decade of the Cold War era, the Vietnamese government implemented broad *doi moi* renovation reforms intended to create a peaceful regional environment for the country's integration into the global economy. In contrast to earlier studies, Path traces the moving target of these changing policy priorities, providing a vital addition to existing

scholarship on asymmetric wartime decision making and alliance formation among small states The result uncovers how this critical period had lasting implications for the ways Vietnam continues to conduct itself on the global stage

Nixon's Vietnam War Jeffrey P. Kimball, 1998 The signing of the Paris Agreement in 1973 ended not only America's Vietnam War but also Richard Nixon's best laid plans After years of secret negotiations threats of massive bombing and secret diplomacy designed to shatter strained Communist alliances the president had to settle for a peace that fell far short of his original aims

American-Vietnamese Relations in the Wake of War Cécile Menétrey-Monchau, 2006-07-19 When the Vietnam War ended with the North Vietnamese capture of Saigon on April 30 1975 27 months after a cease fire had been signed in Paris the differences between the United States and Vietnam were far from being resolved Mutual bitterness regarding the war remained Newly unified Vietnam wanted normalization of relations and the subsequent economic reconstruction aid promised in the Paris Peace Accords Understandably wary of such diplomatic relations the United States requested information regarding soldiers listed as missing in action and assistance with the repatriation of military remains A series of misconceptions and misunderstandings as well as changes from a regional to a global U S foreign policy left both countries bereft of an easy solution This book describes the negotiations during the late Ford and early Carter administrations 1975 1979 and discusses the repercussions the diplomatic stalemate had on the domestic and international politics of the United States and Vietnam emphasizing the conflicting priorities and political goals of both countries at home and abroad This previously neglected period in United States Vietnam relations deals with issues such as Hanoi's constant exultation over the victory American denial of responsibility the division between the president's public declarations and congressional policies and both sides use of the MIA issue Based primarily on recently declassified documents and former U S official Douglas Pike's uncensored collection the work also makes use of media press sources from America Vietnam Britain France and China Interviews with Vietnamese immigrants and former U S politicians provide insight unavailable in written histories Appendices contain the February 1973 correspondence between President Nixon and the Prime Minister of the Democratic Republic of Vietnam six diplomatic notes from 1976 and a January 30 1979 letter from President Carter to Chinese Vice Premier Deng Xiaoping

Postwar Vietnam Hy V. Luong, 2003 This historically grounded examination of the dynamics of contemporary society in Vietnam including cultural political and economic dimensions focuses on dynamic tensions both within society and among societal forces the state and global capital

Returns of War Long T. Bui,2018-11-06 The legacy and memory of wartime South Vietnam through the eyes of Vietnamese refugees In 1975 South Vietnam fell to communism marking a stunning conclusion to the Vietnam War Although this former ally of the United States has vanished from the world map Long T Bui maintains that its memory endures for refugees with a strong attachment to this ghost country Blending ethnography with oral history archival research and cultural analysis *Returns of War* considers *Returns of War* argues that Vietnamization as Richard Nixon termed it in 1969 and the end of South Vietnam signals more than an example of flawed American military strategy but a larger allegory of power providing cover for U S imperial losses while denoting the inability of the South Vietnamese and other colonized nations to become independent modern liberal subjects Bui argues that the collapse of South
