History of the Sodality of the Blessed Virgin Mary. A Memorial of the Tercentenary Jubilee, 1584-1884 Louis Delplace, 1884 A Short Treatise on the Virgin Mary Rene Laurentin, 2022-08-26

As a peritus at Vatican II and by the end of his life arguably the world's leading Mariologist Ren Laurentin has earned the privilege of republication of a work of considerable value for any theologian who aims for comprehensiveness of Catholic theological perspective historically and systematically Laurentin's orthodox yet highly original treatment displays his command of all of the relevant biblical patristic medieval and modern texts up to and including the entire proceedings of the Second Vatican Council as well as the whole range of related historical and theological scholarship His proposal to pursue Mariological speculation along two tracks first from above following the course of doctrinal development from biblical revelation to the VCII era and second from below considering Mary's own life walking in her footsteps as it were from before the Annunciation to the Parousia provides a clear accessible structure for the work yielding rich theological and spiritual fruit Not only are all the major Marian doctrines and their developments handled with the greatest sensitivity from the Virgin birth to the modern promulgations of Immaculate Conception and Assumption but Laurentin's approach in his second part opens the way to a human psychological treatment of motherhood still solidly bolstered by traditional Christian anthropology Regarding Mary's status as Mother of God Laurentin's discussion of the Theotokos exhibits his deep ecumenical commitments as much as his specific attention to Mary's soteriological role as a sticking point for Protestantism One of the most striking qualities of the work is Laurentin's deft integration of his evident scholastic formation into an overarching vision thoroughly at ease with the phenomenological personalist and existential currents in which he also inevitably swam throughout his education and professional scholarly occupation As a result the work can be read and appreciated instinctively as it were as much by the eclectic contemporary theologian influenced by the likes of Heidegger et al as by the Thomist

The Mother of Christ O. R. Vassall-Philipps, O R Vassall-Philipps Csr, Brother Hermenegild, 2013-03-12 Saints and Doctors of the Church have expressed their inability to write worthily of the great Mother of God It will therefore be readily understood that when the Provincial of the English Province of the Congregation of the Most Holy Redeemer suggested to me that I might publish an English book on our Lady my first feeling was one of shrinking from the task Whoso would celebrate the Holy Virgin and Mother of God wrote Basil of Seleucia will find abundant materials for praise But I knowing mine own weakness to be unequal to the mightiness of the reality have for a long time refrained from very awe For I have not my lips purified with coal from heaven like Isaias who saw the Seraphim nor have I like the divine Moses the feet of my soul bared of their covering Many another great servant of God has expressed himself after a similar fashion before

writing about our Lady How dare I then attempt that for which Saints have professed themselves unworthy But other thoughts rushed to my aid I might not lightly shrink from that which came to me thus by way of obedience A wish from such a source should be enough Whatever might be the subject on which one might be asked to write by one s Superiors in Religion to wait for a direct command would be unseemly And when the subject was the Blessed Virgin the temptation would have been great however strong my consciousness of my unworthiness even had the opportunity come to me in any other manner For it is a happiness to acknowledge that by a special mercy of God notwithstanding all my sins and shortcomings I have from boyhood up always loved and trusted His Blessed Mother

Mariology: A Dogmatic Treatise on the Blessed Virgin Mary, Mother of God Rev. Joseph Pohle Ph. D. D., Aeterna Press, Like the Hypostatic Union of the two Natures in Christ the Divine Motherhood of the Blessed Virgin Mary may be regarded from a twofold point of view 1 ontologically i e in its objective dignity dignitas maternitatis divinae in se and 2 ethically in its causal connexion with the prerogatives proper to this exalted office plenitudo gratiae correspondens dignitati Christology shows how the Hypostatic Union immediately and substantially sanctified the manhood of our Lord in direct proportion to His infinite dignity as Godman In a similar though not precisely the same manner Mary s objective dignity as mother of God constitutes both the intrinsic principle and the extrinsic standard of her supernatural purity and holiness The one postulates the other as a cause its effect Aeterna Press
