*Virgin and the Boy* Mary O'Donnell, 1996 *Virgin* aka Ginnie Maloney is the rock star Liberal extravagant and uninhibited she is determined to rise to international stardom Luke O Regan is the nineteen year old who will follow her anywhere whatever the consequences When a tragic event draws them together the couple make the mistake of believing that freedom has no price and no moral dimension What happens is a powerful account of tender obsessive love but equally the story of one woman s survival despite the most punishing odds

*Khmer Women on the Move* Annuska Derks, 2008-04-11 This is a fascinating ethnography about young Khmer women moving to the city to work in the garment factories in prostitution and as street sellers The author makes good use of new theoretical approaches in anthropology that focus on negotiation and creativity in situations of rapid change The result is not only a welcome new book on post war Cambodia but an important addition to the literature on women migration and labor in Southeast Asia and the world Judy Ledgerwood Northern Illinois University *Khmer Women on the Move* offers a fascinating ethnography of young Cambodian women who move from the countryside to work in Cambodia s capital city Phnom Penh Female migration and urban employment are rising triggered by Cambodia s transition from a closed socialist system to an open market economy This book challenges the dominant views of these young rural women that they are controlled by global economic forces and national development policies or trapped by restrictive customs and Cambodia s tragic history The author shows instead how these women shape and influence the processes of change taking place in present day Cambodia Based on field research among women working in the garment industry prostitution and street trading the book explores the complex interplay between their experiences and actions gender roles and the broader historical context The focus on women involved in different kinds of work allows new insight into women s mobility highlighting similarities and differences in working conditions and experiences Young women s ability to utilize networks of increasing size and complexity allows them to move into and between geographic and social spaces that extend far beyond the village context Women s mobility is further expressed in the flexible patterns of behavior that young rural women display when trying to fulfill their own modern aspirations along with their family obligations and cultural ideals
